CHAIRMAN'S STATEMENT

On behalf of the board of directors (the "Director(s)") (the "Board") of Winfull Group Holdings Limited (the "Company"), we hereby present the annual report of the Company and its subsidiaries (collectively the "Group") for the year ended 30 June 2020 (the "Year") and are pleased to provide our business developments in the financial year of 2020.

MARKET OVERVIEW

This is the tenth year of listing on the Main Board (the "Main Board") of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") since 2 December 2010. Hong Kong's economy contracted for the Year and remained very weak, especially after the third quarter of the Year, as the coronavirus disease ("COVID-19") pandemic continued to inflict severe impacts on global and local economic activities. As regards domestic demand, private consumption expenditure fell at a record pace due to social distancing requirements and travel restrictions, while overall investment expenditure continued to tumble amid negative business sentiment and subdued private construction activity. The residential property market turned active in the last quarter of the Year, supported by declining interest rates amid massive monetary stimuli around the world and the gradual stabilisation of the local COVID-19 situation during the quarter. The commercial and industrial property markets stayed subdued in the last quarter amid austere local economic conditions. Trading activities remained quiet, though rebounding somewhat from the extremely low levels in the third quarter. Prices and rentals for major market segments remained generally soft. Prices and rentals of retail shop space both decreased amid the continued weakness in the retail trade.

FINANCIAL OVERVIEW

For the year ended 30 June 2020, the Group recorded a turnover of approximately HK\$33,730,000, representing a decrease of approximately 21% compared with that of approximately HK\$42,944,000 for the last financial year. The decrease in turnover was mainly attributed to the decrease in turnover from the securities trading business for the Year.

Loss before income tax of the Group for the Year was approximately HK\$154,350,000, while there was a profit before income tax of approximately HK\$44,162,000 for the last financial year. The loss for the Year was mainly attributable to fair value loss on investment properties and financial instruments at fair value through profit or loss ("FVTPL") and impairment loss on properties held for trading.

PROSPECTS AND APPRECIATION

Looking forward, we expect the global economy to face more severe challenges. Due to heightened geopolitical risks worldwide, a slowdown in global economic growth and the novel coronavirus pandemic, we expect Hong Kong's markets to suffer from dampened investor sentiment and the global economy to experience a significant shock. Despite the uncertainties in Hong Kong and global economy, we expect the local economy to gradually stabilise once the epidemic ends and Hong Kong will remain relevant and vital in its own right and as part of China, given the mature and healthy nature of Hong Kong's investment environment combined with the potential opportunities for Hong Kong to capitalise on its competitive advantages in the Greater Bay Area. The Group maintains a cautiously optimistic view on the property market and we are confident that we will be able to tackle the diverse challenges ahead.

The Group will continue to adopt a prudent approach on acquiring and disposing properties. In addition, the Group will continue to look for potential investment properties and development projects for recurring income and capital appreciation, at the same time expanding its securities investment and trading business and loan financing business for the growth of its stable recurring income. These strategies are intended to enable the Group to maintain its competitiveness thereby ensuring the Group's sustainability and securing the shareholders' benefits.

Finally, on behalf of the Board, I would like to take this opportunity to express our gratitude to all members of the Board, staff and those who have supported us for their dedication and contribution to the Group. We will continue to put our best efforts to generate good business results and better returns to our shareholders.

OVERVIEW

The Group is principally engaged in investment, trading and development of properties and securities investment and trading.

During the Year, the Group was engaged in one property development project in United Kingdom (the "UK"). The Group also has ten investment properties, which are commercial, industrial and residential properties located in Hong Kong, the UK and Japan, and two trading properties, which are commercial properties in Hong Kong.

Hong Kong's economy contracted for the Year and remained very weak, especially after the third quarter of the Year. The rapid spread of the COVID-19 to most parts of the world and the resultant stringent restrictive measures imposed by the governments concerned dealt a heavy blow to global and local economic activities. Real gross domestic product fell sharply. As regards domestic demand, private consumption expenditure fell at a record pace due to social distancing requirements and travel restrictions, while overall investment expenditure continued to tumble amid negative business sentiment and subdued private construction activity. The global economic fallout of the COVID-19 pandemic turned more severe in the third quarter. Many major economies including United States (the "US") and euro area contracted at an unprecedented pace. In the last quarter, global economic sentiment improved and the US and the euro area economies showed signs of bottoming out, as the epidemic situation in many places abated and most governments gradually reopened their economies.

The residential property market turned active in the last quarter of the Year, supported by declining interest rates amid massive monetary stimuli around the world and the gradual stabilisation of the local COVID-19 situation during the quarter. Trading activities picked up notably from a very low level in the second quarter, while flat prices recorded a moderate increase in the last quarter. Reflecting the government's sustained efforts to increase land and flat supply, total private flat supply in the coming three to four years would stay at a high level of 92,000 units. The commercial and industrial property markets stayed subdued in the last quarter amid austere local economic conditions. Trading activities remained quiet, though rebounding somewhat from the extremely low

levels in the third quarter. Prices and rentals for major market segments remained generally soft. Prices and rentals of retail shop space both decreased amid the continued weakness in the retail trade.

FINANCIAL REVIEW

For the Year, the Group recorded a turnover of approximately HK\$33,730,000, representing a decrease of approximately 21% compared with that of approximately HK\$42,944,000 for the last financial year. The decrease in turnover was mainly attributed to the decrease in turnover from the securities trading business for the Year.

Loss before income tax of the Group for the Year was approximately HK\$154,350,000, while there was a profit before income tax of approximately HK\$44,162,000 for the last financial year. The loss for the Year was mainly attributable to fair value loss on investment properties and financial instruments at FVTPL and impairment loss on properties held for trading.

BUSINESS OVERVIEW

Property Development Business

During the Year, the Group is engaged in one property development project, which is located in Birmingham, the UK.

It is a property development project at 50 School Road, Moseley, Birmingham, the UK. The project has a site area of 15,800 square feet and it can be developed into a residential building with gross floor area of approximately 12,000 square feet. The acquisition of the land was completed on 26 October 2018 and the development planning has been completed in the last financial year. Due to the effect of COVID-19, the development has been delayed and is expected to be completed in the last quarter of 2020.

The Group considers that this development project in the UK provides a good opportunity for the Group to diversify its overall property portfolio and gain more experience in property development in the UK. The Group will continue to explore potential property development opportunities both in Hong Kong and overseas, to enhance the benefit of the shareholders of the Company (the "Shareholder(s)") while overcoming the challenges ahead.

BUSINESS OVERVIEW (cont'd) **Property Investment and Trading**

As at 30 June 2020, the Group has twelve commercial, industrial and residential properties for investment and trading purposes, which are located in Hong Kong, one commercial property in Cardiff, the UK and two serviced apartments in Hokkaido, Japan, for investment purpose.

The commercial and industrial property markets stayed subdued for the Year. Price and rental for commercial and industry properties both decreased amid austere local economic conditions, because of the following two major factors:

- The local social incidents in the first half of the Year took a heavy toll on consumption – and tourism-related sectors, dealing very severe blow to an economy. Domestic demand worsened significantly. Inbound tourism also suffered a severe setback as continued protests involving violence; and
- Private consumption expenditure recorded the steepest ever decline in the second half of the Year, as local consumption activities were severely disrupted by the threat of COVID-19 and the social distancing requirements throughout this period and inbound tourism was frozen by stringent travel restrictions.

During the Year, the Group recorded a fair value loss of investment properties of approximately HK\$91,085,000 (2019: fair value gain of approximately HK\$18,968,000) and an impairment on properties held for trading of approximately HK\$60,315,000 (2019: Nil).

Whole floor of 9 Queen's Road Central

The property is located at the 6th Floor of 9 Queen's Road Central, Hong Kong. It is a commercial property with gross floor area of approximately 13,700 square feet. A portion of the property is currently used by the Group for its own office, while the remaining portion has been rented out to various independent third parties for rental income. The Group believes that the property can provide a stable income with the long term appreciation in value.

Retail Shop Units at Grand Scholar, No. 419K Queen's Road West

The property is located at Grand Scholar, No. 419K Queen's Road West, Hong Kong. It consists of two shops, including shops on ground floor and on lower ground 1st floor. The property has a total gross floor area of approximately 10,300 square feet and has been leased to a church for a fixed term of three years. The Group believes that the property can provide a stable future income for the Group.

Whole Floor of Kenning Industrial Building at 19 Wang Hoi Road, Kowloon Bay

The property is located at 4th Floor of Kenning Industrial Building, No. 19 Wang Hoi Road, Kowloon Bay, Hong Kong in proximity to the Kowloon Bay MTR station. The property has a total gross floor area of approximately 16,500 square feet and most of the units of the property has been leased during the Year. The Group believes that the property can provide a stable future income and long term appreciation in value.

Atlantic House at Cardiff, United Kingdom

The property is located at Cardiff, the UK with a total net floor area of approximately 42,000 square feet. The property consists of two office buildings. The east wing is currently leased to a local law firm for a term of fifteen years, which will be expired in 2026. The west wing is under refurbishment now. Due to the effect of COVID-19, the tendering of refurbishment has been delayed and it is expected to be completed in early 2021. Cardiff is the principal office market within Wales and one of the major regional centres in the UK. The Group believes that it is a good opportunity for holding the property for long term investment purpose and diversification of the property portfolio.

Office units and carpark space of Universal Trade Centre at 3 Arbuthnot Road

The 4 office units are located on 30th and 13th floors of Universal Trade Centre, No. 3 Arbuthnot Road, Central, Hong Kong. They have a total gross floor area of approximately 5,600 square feet. The office units have all been leased to independent third parties. The lease for units on 30th floor has expired in August 2020 and it is now looking for new tenant.

BUSINESS OVERVIEW (cont'd)

Office unit of Arion Commercial Centre at 2–12 Queen's Road West

The property is located at Arion Commercial Centre at 2–12 Queen's Road West, Hong Kong and has a gross floor area of approximately 1,650 square feet. This office unit has been leased to a translation company, which is wholly-owned by Mr. Pong Wilson Wai San ("Mr. Pong"), with monthly rent of HK\$46,000. The rent was determined after arm's length negotiation with reference to the monthly rental of other similar premises in the Hong Kong market and the professional valuation report.

Whole office floor of Far East Consortium Building at 121 Des Voeux Road Central

The property is a whole floor office unit located on 15th Floor of Far East Consortium Building, 121 Des Voeux Road Central, Hong Kong, which is an office building in Central district, with a gross floor area of approximately 7,300 square feet. This property has been leased to a financial printing company which is wholly-owned by Mr. Pong with monthly rent of HK\$233,000. The rent was determined after arm's length negotiation with reference to the monthly rental of other similar premises in the Hong Kong market and the professional valuation report. Further details of this transaction can be referred to our announcement dated 21 September 2020.

Roof of Block C of Sea View Estate, North Point

This property is located at the front portion of the roof of Sea View Estate in North Point, which is facing the South of Victoria Harbour in Hong Kong Island. The Group believes that it can be converted into an eye-catching rooftop advertising signage of approximately 300 square meters. The Group has engaged an advertising agent in looking for appropriate potential tenant for the signage.

Shops and signage at Lime Stardom Tai Kok Tsui

Two retail shops and 2 signages were acquired by the Group for trading purpose. The shops on ground floor are located at Lime Stardom, Tai Kok Tsui with outstanding features, such as curtain wall design and high ceiling. Hotels and shopping malls are within the proximity, together with the upcoming redevelopment and residential projects in the neighborhood. Tai Kok Tsui will definitely become one of the new focuses of the city with high growth potential. In view of this, those properties are acquired for short-term trading purpose. The shops have been leased to independent third parties with acceptable yield. However, prices and rentals of retail shop space both decreased amid the continued weakness in the retail trade during the Year due to the local social incidents and COVID-19, which led to the steepest decline in the private consumption expenditure and inbound tourism in the recent years. An impairment on properties held for trading of HK\$60,315,000 has been recognised.

The shops were valued by market approach, where the comparison based on prices realised on the actual sales of comparable properties is made. The valuation methodologies of the shops are the same as that of previous years. In a mature and transparent market like Hong Kong with a high degree of information flow, the market approach is deemed to be the best and most reliable approach in valuation when the comparable sales evidences are available and sufficient to substantiate the exercise, given the facts that the comparables can reflect the latest market sentiment and conditions as at the valuation date. Considering that retail shop values are relatively more susceptible to economic cycles and can vary substantially due to locational factors such as trade mix and pedestrian flow. The transaction dates of the comparables adopted in the valuation were all within 3 months from the valuation date as well they are all ground-floor retail shops located within a radius of approximately 600 meters to the subject property. In this connection, priority should be given to the market approach to ensure the accuracy of the valuation.

BUSINESS OVERVIEW (cont'd)

Shops and signage at Lime Stardom Tai Kok Tsui (cont'd)

In the process of the valuation, Ascent Partners Valuation Service Limited ("Ascent Partners") made references to various recent transactions of similar properties within the same district. The adjusted unit rates of the comparables ranged approximately from HK\$14,479 to HK\$25,141 (30 June 2019: HK\$33,001 to HK\$44,043). The adopted unit rates for the subject two shops were HK\$20,526 and HK\$18,822 (30 June 2019: HK\$38,094 and HK\$36,342) after making adjustments on several factors such as time, location, size, pedestrian flow and building age. The valuation of Ascent Partners has made on the assumptions that (i) the owner sells the shops in the market in its exiting state without the benefit of other special arrangement, such as deferred term contract, leaseback, etc.; (ii) the shops has been constructed, occupied and used in full compliance with and without contravention of all laws; (iii) the Group have free and uninterrupted to use and dispose of the shops for the whole unexpired term of the Government. Those assumptions are the same as those adopted for the previous years and all remain valid as at the year end dates. The significant changes in market value of the shops were mainly caused by the dramatic decrease in transaction prices of the comparables.

Service Apartments in Hokkaido Japan

Two serviced apartments in Niseko, Hokkaido, Japan, were acquired by the Group. One of the apartments is in Skye Niseko at Upper Hirafu Village, while the other is in Hanazono. Both of them are brand new serviced apartments with ski-in ski-out access to ski resorts and full range of hotel services. They are managed by premier asset managers with expertise and experience in effectively managing hospitality and tourism in Niseko. Both apartments are benefited by increasing inbound tourism in Japan and garnering Japan and international interest for Niseko's ski resort. The Group believes that it is a good opportunity for investing in Japan real estate for long term investment and diversification of the property portfolio.

Despite the effect of COVID-19, the Group is optimistic about the prospect of the commercial and industrial property market in Hong Kong, the UK and Japan in the long run. It considers that the properties represent a good investment opportunity and the Group will benefit from the long term appreciation of the property prices.

During the Year, the segment of property investment and trading business recorded a total rental income of approximately HK\$29,296,000 (2019: approximately HK\$30,859,000), including revenue of approximately HK\$27,149,000 (2019: approximately HK\$27,841,000) and rental income in other income of approximately HK\$2,147,000 (2019: approximately HK\$3,018,000). This segment is expected to provide a significant and steady income source to the Group.

Securities Investment and Trading

The Group maintains a portfolio of equities, bonds and other investments products which generate steady income with potential of capital appreciation. The Group has taken into account of the following criteria when determining whether to take up an investment and trading opportunity: (i) potential for return on investment in terms of capital appreciation and dividend payment for the targeted holding period; (ii) risks exposure in comparison with the Group's risk tolerance level at the prevailing time; and (iii) diversification of the existing investment portfolio.

During the Year, the Group recorded a loss in fair value of debt instruments at FVTPL of approximately HK\$289,000 (2019: gain of approximately HK\$587,000).

The Group reported a segment profit of approximately HK\$608,000 (2019: approximately HK\$1,198,000) during the Year. The Group received interest income from those bond investments for this segment of approximately HK\$788,000 (2019: approximately HK\$449,000) during the Year. As at 30 June 2020, the carrying amount of the investments for this segment amounted to approximately HK\$11,482,000 (2019: approximately HK\$15,680,000). This value represents an investment portfolio comprising 4 bond investments.

Loan Financing

During the Year, the Group recorded an interest income from the loan financing business amounting to approximately HK\$2,557,000 (2019: approximately HK\$538,000), representing approximately 8% (2019: 1%) of the total revenue of the Group. Profit derived from loan financing business was approximately HK\$2,234,000 (2019: approximately HK\$407,000) for the Year. The carrying amount of loans receivable as at 30 June 2020 was approximately HK\$27,300,000 (2019: approximately HK\$10,000,000).

PROSPECTS

Looking forward, we expect the global economy to face more severe challenges. Due to heightened geopolitical risks worldwide, a slowdown in global economic growth and the COVID-19 pandemic, we expect Hong Kong's markets to suffer from dampened investor sentiment and the global economy to experience a significant shock.

In addition, the recent outbreak of COVID-19 has already severely affected Hong Kong's retail, tourism and catering industries, leading to an increase in the unemployment rate and heightened potential economic downside pressures. As such, Hong Kong is facing unprecedented challenges. It is expected that conditions in both the wider local economy and the property leasing market will remain weak and are unlikely to fully recover in the short term, placing the Group's future performance under greater pressure and uncertainty.

Despite the uncertainties in Hong Kong and global economy, we expect the local economy to gradually stabilise once the epidemic ends and Hong Kong will remain relevant and vital in its own right and as part of China, given the mature and healthy nature of Hong Kong's investment environment combined with the potential opportunities for Hong Kong to capitalise on its competitive advantages in the Greater Bay Area. The Group maintains a cautiously optimistic view on the property market and we are confident that we will be able to tackle the diverse challenges ahead.

The Group will continue to adopt a prudent approach on acquiring and disposing properties. In addition, the Group will continue to look for potential investment properties and development projects for recurring income and capital appreciation, at the same time expanding its securities investment and trading business and loan financing business for the growth of its stable recurring income. These strategies are intended to enable the Group to maintain its competitiveness thereby ensuring the Group's sustainability and securing the Shareholders' benefits.

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

As at 30 June 2020, the Group had net current assets of approximately HK\$284,455,000 (2019: approximately HK\$465,212,000) including cash and bank balances of approximately HK\$132,957,000 (2019: approximately HK\$314,412,000).

The gearing ratio was approximately 10% (2019: approximately 8%) as at 30 June 2020. The gearing ratio is derived by dividing the total of borrowings by total assets. The gearing ratio has increased for the Year when compared to 30 June 2019 due to borrowing of more foreign loans for oversea investments during the Year.

During the Year, the Group financed its operations with its own working capital and bank borrowings. As at 30 June 2020, the secured bank borrowing of the Group was approximately HK\$208,619,000 (2019: approximately HK\$173,345,000), in which approximately HK\$205,949,000 (2019: approximately HK\$126,137,000) are repayable within a period of not exceeding 5 years and approximately HK\$2,670,000 (2019: approximately HK\$47,208,000) are repayable beyond 5 years, and there was no other borrowing as at 30 June 2020 (2019: Nil).

SIGNIFICANT INVESTMENT HELD, MATERIAL ACQUISITIONS OR DISPOSALS OF SUBSIDIARIES AND AFFILIATED COMPANIES, AND FUTURE PLANS FOR MATERIAL INVESTMENTS OR CAPITAL ASSETS (cont'd)

The total size of carrying amount and outstanding commitment for each of those investments as at 30 June 2020 represents approximately 0.001% to 1.84% of the total assets of the Group as at 30 June 2020. The Group maintains a portfolio of equities, bonds and other investments products which generate steady income with potential of capital appreciation. The Group has taken into account of the following criteria when determining

whether to take up an investment and trading opportunity: (i) potential for return on investment in terms of capital appreciation and dividend payment for the targeted holding period; (ii) risks exposure in comparison with the Group's risk tolerance level at the prevailing time; and (iii) diversification of the existing investment portfolio.

Save for those disclosed above and in this report, there were no significant investment held, material acquisitions or disposals of subsidiaries and affiliated companies during the Year and there is no plan for material investments or capital assets as at the date of this report.

PLEDGE OF ASSETS

As at 30 June 2020, the leasehold properties and certain investment properties with carrying amount of approximately HK\$82,344,000 (2019: approximately HK\$84,096,000) and approximately HK\$505,001,000 (2019: approximately HK\$548,654,000) respectively and bank deposits of approximately HK\$225,286,000 (2019: approximately HK\$126,729,000) were pledged to secure bank borrowings for the Group.

CONTINGENT LIABILITIES

As at 30 June 2020, the Company has no guarantees (2019: Nil).

LEASE AND CONTRACTED COMMITMENTS

As lessor

At 30 June 2020, the Group had future aggregate minimum lease receipts under non-cancellable operating leases as follows:

	2020 HK\$'000	2019 HK\$'000
Within one year	23,305	23,986
In the second to fifth years	19,535	20,372

FOREIGN EXCHANGE EXPOSURE

The Group's income and expenditure during the Year were denominated in United States dollars ("US\$"), British Pound ("GBP"), Euro ("EUR"), Japanese Yen ("JPY"), and HK dollars ("HK\$"), and most of the assets and liabilities as at 30 June 2020 were denominated in US\$, GBP, EUR, JPY and HK\$. Accordingly, the Board is of the view that, to a certain extent, the Group is exposed to foreign currency exchange risk. For the US\$ foreign exchange exposure, the Board believes the exposure is small as the exchange rate of US\$ to HK\$ is comparatively stable. However, the Group is exposed to GBP, EUR and JPY foreign exchange exposure and fluctuation of exchange rates of GBP, EUR and JPY against HK\$ could affect the Group's results of operations. During the Year, foreign currency banking facilities for GBP, EUR and JPY were arranged for acquisition of properties and investments in these currencies to hedge for foreign exchange exposure.

TREASURY POLICIES

The Group adopts a conservative approach towards its treasury policies. The Group strives to reduce exposure to credit risk by performing ongoing credit evaluations of the financial conditions of its customers. To manage liquidity risk, the Board closely monitors the Group's liquidity position to ensure that the liquidity structure of the Group's assets, liabilities and commitments can meet its funding requirements.

SEGMENT INFORMATION

The analysis of the principal activities and geographical locations of the operations of the Group are set out in note 5 to the financial statements.

	≥11	3

NOMINATION COMMITTEE (cont'd)

For the purpose of implementation of the Board Diversity Policy, the following measurable objectives were adopted:

- (A) at least one-third of the members of the Board shall be independent non-executive Directors;
- (B) at least three of the members of the Board shall be independent non-executive Directors; and
- (C) at least one of the members of the Board shall have obtained accounting or other professional qualifications.

The Board has achieved the measurable objectives under Board Diversity Policy for the Year.

All Board appointments will be based on meritocracy, and candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board. The ultimate decision will be based on merit and contribution that the selected candidates will bring to the Board.

The Nomination Committee will review the Board Diversity Policy, as appropriate, to ensure its effectiveness and discuss any revisions that may be required, and recommend any such revisions to the Board for consideration and approval.

The Nomination Committee also monitors the implementation of the Board Diversity Policy and reports to the Board on the achievement of the measurable objectives for achieving diversity under the Board Diversity Policy.

Director Nomination Procedures

The Nomination Committee shall consider the following criteria in evaluating and selecting candidates for directorships:

- Character and integrity.
- Qualifications including professional qualifications, skills, knowledge and experience that are relevant to the Company's business and corporate strategy.
- Willingness to devote adequate time to discharge duties as a Board member and other directorships and significant commitments.

- Requirement for the Board to have independent directors in accordance with the Listing Rules and whether the candidates would be considered independent with reference to the independence guidelines set out in the Listing Rules.
- Board Diversity Policy and any measurable objectives adopted by the Nomination Committee for achieving diversity on the Board.
- Such other perspectives appropriate to the Company's business.

Appointment of New Director

The Nomination Committee shall, upon receipt of the proposal on appointment of new director and the biographical information (or relevant details) of the candidate, evaluate such candidate based on the criteria as set out above to determine whether such candidate is qualified for directorship.

If the process yields one or more desirable candidates, the Nomination Committee shall rank them by order of preference based on the needs of the Company and reference check of each candidate (where applicable).

The Nomination Committee shall then recommend to appoint the appropriate candidate for directorship.

For any person that is nominated by a shareholder for election as a director at the general meeting of the Company, the Nomination Committee shall evaluate such candidate based on the criteria as set out above to determine whether such candidate is qualified for directorship and where appropriate, the Nomination Committee and/or the Board shall make recommendation to shareholders in respect of the proposed election of director at the general meeting.

Re-election of Director at General Meeting

The Nomination Committee shall review the overall contribution and service to the Company of the retiring director including his attendance of Board meetings and, where applicable, general meetings, and the level of participation and performance on the Board.

The Nomination Committee shall also review and determine whether the retiring director continues to meet the criteria as set out above.

The Nomination Committee and/or the Board shall then make recommendation to shareholders in respect of the proposed re-election of director at the general meeting.

NOMINATION COMMITTEE (cont'd)

The Nomination Committee held 2 meetings during the Year to review the structure, size and composition of the Board, assess the independence of independent non-executive Directors, make recommendations to the Board

relating to the renewal services of non-executive Director and independent non-executive Directors and to review the Board Diversity Policy. Details of the attendance of the meetings of the Nomination Committee are as follows:

Lung Hung Cheuk	4/5
Yeung Wing Yan Wendy	5/5

AUDIT COMMITTEE (cont'd)

The Group's unaudited consolidated quarterly, interim results and audited consolidated annual results for the Year have been reviewed by the Audit Committee, which was of the opinion that the preparation of such results complied with the applicable accounting standards and requirements and that adequate disclosures have been made. The Audit Committee has also reviewed the audited consolidated financial statements for the Year.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITOR

The Directors acknowledge their responsibility for the preparation of the financial statements of the Group. In preparing the financial statements, the generally accepted accounting standards in Hong Kong have been adopted, appropriate accounting policies have been used and applied consistently, and reasonable and prudent judgements and estimates have been made.

The Board is not aware of any material uncertainties relating to events or conditions which may cast significant doubt over the Group's ability to continue as a going concern. Accordingly, the Board has continued to adopt the going concern basis in preparing the financial statements.

The Auditor's responsibilities are set out in the Independent Auditor's Report.

During the Year, the Board held 2 meetings to review the policies and practices of the Company relating to the CG Code. Details of the attendance of the related meetings of the Board are as follows:

	Attendance
Executive Directors	
Pong Wilson Wai San	2/2

CORPORATE GOVERNANCE FUNCTIONS

According to code provision D.3 of the CG Code, the Board is responsible for performing the corporate governance duties of the Company in accordance with the written terms of reference adopted by the Board on 30 March 2012. The Board has the following duties and responsibilities for performing the corporate governance duties of the Company:

- to develop and review the Group's policies and practices on corporate governance;
- to review and monitor the training and continuous professional development of Directors and senior management;
- to review and monitor the Group's policies and practices on compliance with legal and regulatory requirements;
- to develop, review and monitor the code of conduct and compliance manual (if any) applicable to employees and Directors; and
- to review the Group's compliance with the corporate governance code as set out in the Listing Rules and disclosure in the corporate governance report in annual report of the Company.

RISK MANAGEMENT AND INTERNAL CONTROL

The Board has responsibility for maintaining appropriate and effective risk management and internal control systems of the Group and reviewing its effectiveness through the Audit Committee by evaluating and determining the nature and extent of the risks which is willing to take in achieving the Group's strategic objectives. The Board is also responsible for overseeing the design, implementation and monitoring of the risk management and internal control systems. The risk management and internal control systems are designed to provide reasonable assurance against material misstatement or loss and to manage rather than eliminate risks of failure in operating systems or in achievement of the Group's business objectives.

The Board, through the Audit Committee, conducts a review of the effectiveness of the Group's risk management and internal control systems by requiring all management to carry out self-risk assessment process using a common risk management framework. It covers all material controls, including financial, operational and compliance controls, on an annual basis. It also considers the adequacy of resources and staff qualifications and experience of the Group's accounting and financial reporting function.

Under the enterprise risk management framework, policies and procedures are in place to identify, assess, manage, control and report risks. Such risks include strategic, operational (administrative system, project and lease management, contract and construction management, information technology security), market, reporting and compliance risks. Exposure to these risks is continuously monitored by the Board through the Audit Committee.

The internal control system includes a defined management structure with specified limits of authority. The Board has clearly defined the authorities and key responsibilities of each division to ensure adequate checks and balances. The internal control system has been designed to safeguard the Group's assets against unauthorised use or disposition, to ensure the maintenance of proper accounting records for producing reliable financial information, and to ensure compliance with applicable laws, regulations and industry standard.

The Group does not have an internal audit function. During the Year, the Board has reviewed the effectiveness of the internal control system of the Group and there were no major issues but areas for improvement have been identified by the Audit Committee and appropriate measures taken. In addition, the Board is currently of the view that there is no immediate need to set up an internal audit function within the Group in light of the size, nature and complexity of the Group's business. The situation will be reviewed from time to time.

After the review on the risk management and internal control systems, the management provided an action plan so as to mitigate those identified deficiencies in a timely manner. All internal control findings would be followed up closely to ensure that the action plan is implemented accordingly.

During the Year, the Board was satisfied with the Group's risk management and internal control processes are adequate to meet the need of the Group in its current business environment and that nothing has come to its attention to cause the Board to believe the Group's risk management and internal control systems are inadequate. Moreover, the existing risk management and internal control systems are effective and adequate, and will continue to be reviewed, added on or updated to provide for change in the operating environment.

The Company has adopted an policy setting out guidelines to the directors, officers and all relevant employees of the Group to ensure inside information of the Company is to be disseminated to the public in a timely manner in accordance with the applicable laws and regulations, including but not limited to the Listing Rules and the Inside Information Provisions in Part XIVA of Securities and Futures Ordinance (the "SFO") (Chapter 571 of the Laws of Hong Kong).

Director(s), officer(s) or employee(s) who become aware of any non-public price-sensitive information having been divulged, that may fall into the category of inside information as defined in the policy, should immediately report to the chief executive officer/company secretary of the Company.

RISK MANAGEMENT AND INTERNAL CONTROL

(cont'd)

The Company must disclose inside information (unless falling within one of the safe harbours under Part XIVA of SFO) to the public as soon as reasonably practicable in accordance with the requirements of the Listing Rules and Part XIVA of SFO. The Board, officers and/or employees of the Company shall take reasonable precautions for preserving the confidentiality of inside information before publication of the relevant announcement (if applicable). All inside information must be treated strictly confidential. Disclosure must be made in a manner that provides the public with an equal, timely and effective access to the information, such as through the electronic publication system operated by the Stock Exchange.

FINANCIAL REPORTING

The Directors acknowledge their responsibilities for keeping proper accounting records and preparing financial statements for each financial year which give a true and fair view of the state of affairs of the Group as at the end of the financial year and of the profit and loss for the year. In preparing the financial statements, the Directors have adopted all applicable Hong Kong Financial Reporting Standards in all material respects, selected appropriate accounting policies and then applied them consistently, made judgements and estimates that are fair and reasonable. The Directors use the going concern basis in preparing the financial statements unless this is inappropriate.

The Company recognises that a clear, balanced and timely presentation of financial report is crucial in maintaining the confidence of stakeholders. Reasonable disclosure of Company's financial position and prospects are provided in the report. Annual and interim results are published within three and two months after the end of the relevant financial periods respectively.

A statement of the Company's external auditor about its reporting responsibilities is included in the Independent Auditor's Report on pages 42 to 46 of this report.

INVESTOR RELATIONS AND SHAREHOLDERS' RIGHT

The Company values communication with the Shareholders and investors. The Company uses two-way communication channels to account to Shareholders and investors for the performance of the Company. Enquiries and suggestions from Shareholders or investors are welcomed, and enquires from Shareholders may be put to the Board through the following channels to the Company Secretary:

1. By mail to the Company's principal place of business at Unit A, 6/F., 9 Queen's Road Central, Hong Kong;
2. By telephone at telephone number (852) 3183 0727;
3. By fax at fax number (852) 2111 9303; or
4. By email at inquiry@winfullgroup.hk.

The Company uses a number of formal communication channels to account to Shareholders and investors for the performance of the Company. These include (i) the publication of interim and annual reports; (ii) the annual general meeting or extraordinary general meeting providing a forum for Shareholders to raise comments and exchange views with the Board; (iii) updated and key information of the Group available on the websites of the Stock Exchange and the Company; (iv) the Company's website offering communication channel between the Company and its Shareholders and investors; and (v) the Company's share registrars in Hong Kong serving the Shareholders in respect of all share registration matters.

The Company aims to provide its Shareholders and investors with high standards of disclosure and financial transparency. The Board is committed to provide clear, detailed, timely manner and on a regular basis information of the Group to Shareholders through the publication of interim and annual reports and/or dispatching circulars, notices, and other announcements.

INVESTOR RELATIONS AND SHAREHOLDERS' RIGHT *(cont'd)*

The Company strives to take into consideration its Shareholders' views and inputs, and address Shareholders' concerns. Shareholders are encouraged to attend the annual general meeting for which at least 20 clear business days' notice shall be given. The chairmen of the Audit Committee, the Nomination Committee and the Remuneration Committee, or in their absence, the Directors are available to answer Shareholders' questions on the Group's businesses at the meeting. To comply with code provision E.1.2 of the CG Code, the management will ensure the external auditor to attend the annual general meeting to answer questions about the conduct of the audit, the preparation and content of the auditor's report, the accounting policies and auditor independence.

All Shareholders have statutory rights to call for extraordinary general meetings and put forward agenda items for consideration by Shareholders. According to article 58 of the articles of association of the Company, any one or more of the members of the Company holding at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition to the Board or the secretary of the Company, to require an extraordinary general meeting to be called by the Board for the transaction of any business specified in such requisition.

If a Shareholder wishes to propose a person (the "Candidate") for election as a Director at a general meeting, he/she shall deposit a written notice (the "Notice") at the Company's head office in Hong Kong at Unit A, 6/F., 9 Queen's Road Central, Hong Kong. The Notice (i) must include the personal information of the Candidate as required by Rule 13.51(2) of the Listing Rules and his/her contact details; and (ii) must be signed by the Shareholder concerned including the information/documents to verify the identity of the Shareholder and signed by the Candidate indicating his/her willingness to be elected and consent of publication of his/her personal data. The period for lodgment of the Notice shall commence no earlier than the day after the dispatch of the notice of the general meeting appointed for such election and end no later

than 7 days prior to the date of such meeting. In order to ensure the Shareholders have sufficient time to receive and consider the proposal of election of the Candidate as a Director without adjourning the general meeting, Shareholders are urged to submit and lodge the Notice as soon as practicable, say at least 15 business days prior to the date of the general meeting appointed for such election.

The Board has established a shareholder communication policy on 30 March 2012 and will review it on a regular basis to ensure its effectiveness to comply with the code provision E.1.4 of the CG Code.

In order to promote effective communication, the Company also maintains website www.winfullgroup.hk which includes the latest information relating to the Group and its businesses.

DIVIDEND POLICY

The Board has approved and adopted a dividend policy on 22 February 2019 (the "Dividend Policy"). Under the Dividend Policy, the declaration and payment of dividends shall be determined at the sole discretion of the Board.

The Company's ability to distribute dividends will depend on, among others, the profits, operating results, cash flow, financial condition, contractual restrictions, capital requirements and other factors of the Company which the Directors consider relevant, and the interests of the shareholders of the Company. The remaining profit will be used for the development and operation of the Group.

The Company's distribution of dividends shall also comply with any restrictions under the applicable laws of the Cayman Islands, the laws of Hong Kong, the Listing Rules and the articles of association of the Company, as well as subject to the approval of shareholders of the Company.

The Company will continually review the Dividend Policy from time to time. There is no guarantee that any particular amount of dividends will be distributed for any specific periods.

SHARE OPTION SCHEME

A share option scheme was adopted on 1 November 2011 (the "Adoption Date") by the Shareholders (the "Scheme"). The following is a summary of principal terms of the Scheme adopted by the Shareholders passed as an ordinary resolution on 1 November 2011. The terms of the Scheme are in accordance with the provisions of Chapter 17 of the Listing Rules.

(a) Purpose of the Scheme

The purpose of the Scheme is to enable the Company to grant options to selected persons as incentives or rewards for their contribution to the Company and its subsidiaries.

(b) Participants of the Scheme

The Board may, at its absolute discretion grant all Directors (including executive, non-executive or independent non-executive Directors), any employee (full-time or part-time), any adviser, consultant, supplier or customer of the Company or any of its subsidiaries, options to subscribe at a price calculated in accordance with the paragraph below for such number of Shares as it may determine in accordance with the terms of the Scheme.

(c) Total Number of Shares Available for Issue Under the Scheme

The maximum number of Shares available for issue under the share options which may be granted under the Scheme and any other share option scheme of the Company must not, exceed 10% of the Shares in issue on the Adoption Date (excluding, for this purpose, Shares issuable upon exercise of options which have been granted but which have lapsed in accordance with the terms of the Scheme or any other share option schemes of the Company), unless Shareholders' approval has been obtained.

As at the date of this report, the number of Shares available for issue under the Scheme is 682,292,566 Shares, representing approximately 12.3% of the issued Shares.

(d) The Maximum Entitlement of Each Participant Under the Scheme

The total number of Shares issued and to be issued upon exercise of options granted and to be granted to each participant or grantee (including exercised, cancelled and outstanding options) under the Scheme, in any 12-month period up to and including the date of grant shall not exceed 1% of the Shares in issue.

SHARE OPTION SCHEME (cont'd)

(e) Timing for Exercising Option

An option may be exercised in accordance with the terms of the Scheme at any time during a period as the Board may determine which shall not exceed ten years from the date of grant subject to the provisions of early termination thereof.

(f) Payment of Acceptance of Option

The amount payable by the grantee of an option to the Company on acceptance of the offer for the grant of an option is HK\$1.

(g) Period of Acceptance of Option

An offer for the grant of options must be accepted within 21 days from the date of grant of the options.

(h) The Basis of Determining the Exercise Price of Option

The subscription price of a Share in respect of any particular option granted under the Scheme shall be a price determined by the Board and notified to a participant and shall be at least the highest of:

- (i) the closing price of the Shares as stated in the daily quotations sheet issued by the Stock Exchange on the date on which the Board passes a resolution approving the making of an offer of grant of an option to the participant (the "Offer Date");
- (ii) the average closing price of the Shares as stated in the daily quotations sheets issued by the Stock Exchange for the 5 business days immediately preceding the Offer Date; and
- (iii) the nominal value of the Share on the Offer Date.

(i) Duration of Scheme

The Scheme will remain in force for a period of 10 years commencing from the Adoption Date.

(j) Grant of Options to Connected Person

Any grant of options to a connected person (as defined in the Listing Rules) must be approved by the independent non-executive Directors (excluding any independent non-executive Director who is the proposed grantee). Where options are proposed to be granted to a substantial shareholder (as defined in the Listing Rules) of the Company or an independent non-executive Director or any of their respective associates, and the proposed grant of options which would result in the Share issued and to be issued upon exercise of all options already granted or to be granted to such person in the 12-month period up to and including the date of offer of the options, would entitle that person to receive more than 0.1% of the total issued Shares for the time being and the value of which is in excess of HK\$5,000,000, then the proposed grant must be subject to the approval of the Shareholders at the general meeting. All connected persons of the Company must abstain from voting in such general meeting (except where any connected person intends to vote against the proposed grant).

SHARE OPTION SCHEME *(cont'd)*

Information on the accounting policy and the value of options granted is provided in notes 3 and 32 to the financial statements respectively.

DIRECTOR'S RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Apart from as disclosed under the heading "Directors' and chief executives' interests and short position in the shares, underlying shares and debentures of the Company or any associated corporation" above, at no time during the Year were rights to acquire benefits by means of the acquisition of Shares in or debentures of the Company or of any other body corporate granted to any Directors or their respective spouse or children under 18 years of age, or were any such rights exercised by them; or was the Company, its holding company or any of its subsidiaries a party to any arrangements to enable the Directors, their respective spouse or children under 18 years of age to acquire such rights in the Company or any other body corporate.

PURCHASE, REDEMPTION OR SALE OF THE LISTED SECURITIES OF THE COMPANY

Save as disclosed above, neither the Company, nor any of its subsidiaries has purchased, redeemed or sold any of the Company's listed shares during the Year.

INVESTMENT IN SUBSIDIARIES

The principal activities of the Company's subsidiaries are set out in note 17 to the financial statements.

CORPORATE GOVERNANCE

The Company maintains a high standard of corporate governance practices. Details of the corporate governance practices adopted by the Company are set out in the Corporate Governance Report on pages 14 to 24. The Directors believe the long term financial performance as opposed to short term rewards is a corporate governance objective. The Board would not take undue risks to make short term gains at the expense of the long term objectives.

MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the Year.

PUBLIC FLOAT

As far as the information publicly available to the Company is concerned and to the best knowledge of the Directors, at least 25% of the Company's issued shares were held by members of the public as at the date of this report.

DIRECTORS' INTERESTS IN COMPETING INTERESTS

As at the date of this report, none of the Directors had any interest in a business which causes or may cause a significant competition with the business of the Group and any other conflicts of interest which any such person has or may have with the Group.

RELATED PARTY/CONNECTED TRANSACTIONS

The Directors consider that those material related party transactions disclosed in note 37 to the financial statements did not fall under the definition of "connected transactions" or "continuing connected transactions" (as the case may be) in Chapter 14A of the Listing Rules which are required to comply with any of the reporting, announcement or independent Shareholders' approval requirements under the Listing Rules. The Directors confirmed that the Company has complied with the disclosure requirements in accordance with Chapter 14A of the Listing Rules.

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Company's articles of association, or the laws of the Cayman Islands, which would oblige the Company to offer new Shares on a pro rata basis to existing Shareholders.

AUDITOR

BDO Limited will retire and, being eligible, offer itself for re-appointment. A resolution for the re-appointment of BDO Limited as the auditor of the Company is to be proposed at the AGM.

EVENTS AFTER REPORTING PERIOD

Monilea Limited, a wholly owned subsidiary of the Company, as landlord, has entered into a tenancy agreement with iOne Financial Press Limited, as tenant, for a term of two years commencing from 21 September 2020 (the "Tenancy Agreement").

Save for the Tenancy Agreement, Clear Access Global Limited, another wholly owned subsidiary of the Company, as landlord, had entered into a tenancy agreement with iOne Translation Company Limited, a fellow subsidiary of iOne Financial Press Limited, as tenant, for a term of two years commencing from 9 June 2019 (the "IT Tenancy Agreement").

The transactions aggregate contemplated under the Tenancy Agreement and IT Tenancy Agreement (collectively, the "Tenancy Agreements") constitute continuing connected transactions on the part of the Company under Chapter 14A of the Listing Rules. As each of the applicable percentage ratios in respect of the aggregate annual cap for the Tenancy Agreements is less than 25% and the annual consideration is less than HK\$10,000,000, the transactions contemplated under the Tenancy Agreements are subject to the reporting and announcement requirements under Chapter 14A of the Listing Rules but are exempt from the independent Shareholders' approval requirements.

Further details of these transactions can be referred to our announcement dated 21 September 2020.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group has compiled an Environmental, Social and Governance (“ESG”) Report for a fourth consecutive year. This ESG Report provides a detailed account of the Group’s sustainability performance, policies and strategies of the Company and the Group during the Year.

1. REPORTING STANDARD AND SCOPE

The Group’s ESG Report was prepared in accordance with the ESG Reporting Guide (“ESG Guide”) set out in Appendix 27 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited. An index is included at the end of this ESG Report to demonstrate compliance with the ESG Guide.

This ESG Report provides an overview of our sustainability vision and related performance and initiatives in our operations, responding to our stakeholders’ interests in the environmental, social and corporate governance aspects of the Group. The scope of the Report covers properties owned and operated by the Group in Hong Kong and the United Kingdom and the property development operation. This ESG Report also describes detailed key performance indicators (“KPIs”) progress towards our targets in the past year in accordance with the ESG Guide. The Group is committed to a reasonable standard of corporate social responsibility and strictly complies with relevant laws and regulations reporting.

Materiality Assessment

In line with the Reporting Principles of the ESG Guide, a Materiality Assessment was conducted to identify material sustainability issues for the Group in the Year. This process follows three steps:

Step 1: Identification

- ESG disclosures of five peer companies in the property industry were reviewed to identify the material issues common in the industry.

Step 2: Prioritisation

- The material aspects which were identified through peer benchmarking were consolidated, creating a list of relevant material ESG issues to be brought forward for validation.

Step 3: Validation

- The findings were prioritised from the first two steps and then confirmed a list of material ESG issues and the relevant Aspects and KPIs for disclosure in this ESG Report.

2. CORPORATE SOCIAL RESPONSIBILITY

Corporate Social Responsibility is an essential part of our vision as the Company is dedicated to good corporate governance practices, promoting economic and social values for the community and minimising our impact on the environment. Our Group aims to contribute to the community and the well-being of the environment by continuing to enhance environmental awareness, deliver training for our employees, and engage in various charitable initiatives to serve the community.

An effective governance structure is essential to address sustainability issues and manage ESG-related issues. The senior management assists the Board of Directors in reviewing the policies and overseeing the issues with respect to sustainability issues.

The Group has dedicated itself to take up its corporate social responsibility for the communities where it is present. We support the community through a Po Leung Kuk Winfull Charity Fund Foundation to those unfortunate and underprivileged families. It was established in 2011 with initial donation of over HK\$10,000,000 to help. The Charity Fund dedicates to help low income families fulfill their financial needs to rent a separate abode due to urban renewal, private acquisition, removal orders or other emergency and to improve their home safety. It also aims at providing urgent supplement for families of staff and students in affiliated schools; and higher education supplement for affiliated would-be students enrolling in University Grants Committee (UGC) funded programs; as well as funding for innovational technology and STEAM in affiliated secondary and primary schools. In addition to the Charity Fund, the Group also strives to repay society by participating in charitable sponsorship and supported various local charitable activities. It also encourages its staff members to offer their time and care to the people in need in our community.

3. OUR ENVIRONMENT

3.1 Introduction

While there are no significant environmental impacts associated with the nature of our business, we recognise our responsibility to contribute to a greener future. We are committed to optimising energy efficiency and conserving natural resources at our office and properties. To effectively monitor and manage our environmental performance, the Group has introduced internal policies on environmental protection. The environmental policies allow us to identify and manage the environmental issues associated with our operations emphasising three main environmentally friendly practices in the office including paper usage reduction, water resource management and energy saving.

3.2 Energy Consumption and Emissions

The Group constantly seeks opportunities to reduce energy consumption and greenhouse gas emissions throughout our business operations in properties and signage. We have taken a systematic approach to managing our energy use and carbon footprint. For instance, we have replaced low energy consumption lighting in our office and properties with energy efficient lighting systems. Most of our office equipment is labelled with Grade 1 Energy Labels which contributes to saving energy throughout the year. In addition, the indoor temperature is maintained at 25°C in order to avoid excessive use of energy. The roof-top signage has been pre-set to switch off from 11pm to 7am and the brightness is also set to a normal level to saving energy. These energy-saving measures contribute to managing the carbon footprint of our daily business operations. The management also regularly monitored electricity usage in our offices and properties. The data collected from this exercise will be used to review our buildings' performance, identify preventive measures and produce electricity savings plans. Other measures included adjusting the operating hours of the signage, air-conditioning systems and public lighting systems to optimise electricity usage during peak and off-peak hours.

3.3 Waste and Resource Management

The Company has implemented measures regarding waste management and recycling system in order to responsibly manage our use of resources. For instance, we encourage our staff to adopt the use of electronic communication and documents instead of paper forms in their day to day operations. To further reduce paper usage, environmental initiatives such as double-sided printing are encouraged for all staff in our office. For water savings, reminders to switch off the tap after use are placed in the pantry and washrooms and inspections are performed regularly for water pipes and taps to prevent leakage. With this systematic approach of waste and resource management, we aims to inspire environmental awareness to promote a more sustainable business and operating practices. The management also periodically monitored the performance of our recycling schemes and systems to evaluate their efficiency and identify ways we can improve them. We are aiming to achieve even greater results in terms of waste reduction in the years ahead.

3.4 Cultivating Environmental Awareness

To facilitate sustainable growth, we aspire to foster a green culture within the Group. We have implemented internal environmental policies for our offices and properties. The policies stipulate practical guidance for staff on energy conservation, waste reduction and resource recycling. For instance, the practical guidelines include recommendations such as purchasing office equipment certified with energy efficient labels, replacing lighting basins with energy efficient lightings, and reducing the use of excessive printing. In addition, we have installed recycling bins in our office premises to further reduce waste. We believe the policies will serve as the cornerstone to foster behavioral change within the Group.

4. OUR PEOPLE

4.1 Introduction

Employees are the core of the Group's business and we are fully committed to providing a safe and caring work environment with a variety of on-the-job training and development opportunities.

4.2 Caring Company

The Group continues to take positive action to ensure equal opportunity in the conduct of employment activities: recruitment, hiring, compensation, training and promotion for all persons, regardless of race, religion, gender, family status, age or any other basis prohibited by law. Recruitment of child or force labour is strictly prohibited to protect human rights.

With our remuneration policy, employees are rewarded with fair and competitive remuneration packages and benefits in accordance with qualifications, performance and market salary trends. Annual performance appraisals are conducted to reward staff for past accomplishments, identify promotions and salary increments. In addition to pay mechanism, we provide our employees with a variety of others benefits to ensure their welfare. During the Year, there were no non-compliance cases relating to compensation and dismissal, recruitment and promotion, working hours, rest periods, equal opportunity, diversity, anti-discrimination, welfare and the relevant legislation, including the Minimum Wage Ordinance (Cap. 608 of the Laws of Hong Kong) and the Employment Ordinance (Cap. 57 of the Laws of Hong Kong).

4.3 Occupational Health and Safety

One of the Group's top priorities is to provide a healthy and safe working environment for our employees. To demonstrate our commitment, safety guidelines are established to safeguard employees from any occupational hazards which are in compliance with the Occupational Safety and Health Ordinance (Cap. 509 of the Laws of Hong Kong). Safety arrangements in cases of emergency such as during typhoons

and rainstorm warnings are stated in the safety guidelines to ensure that all staff are aware of emergency procedures. With our staff following the safety guidelines, we are glad to announce that there were no work-related fatalities or lost days due to work injury during the Year.

4.4 Training and Development

The Company encourages and arranges training and development opportunities in order to further improve work performance and enhance career development within the Group. These external training opportunities include various training courses and seminars where our employees can advance their skills and knowledge and develop their career.

4.5 Business Ethics

We are committed to maintaining high levels of moral standards and integrity in our business operations. The Group's Employee Handbook states the requirements of professional conduct that all staff are required to follow at all times in accordance with Prevention of Bribery Ordinance (Cap. 201 of the Laws of Hong Kong), Money Lenders Ordinance (Cap. 163 of the Laws of Hong Kong) and Anti-Money Laundering and Counter-Terrorist Financing Ordinance (Cap. 615 of the Laws of Hong Kong).

The Group has an established whistle-blowing policy for all employees to ensure that management is well aware of the situation where employees have concerns regarding corruption or bribery. When a case regarding corruption or bribery is encountered, an employee may present the case to the management directly and all information will be treated in strict confidence. This procedure allows employees and management to work together to resolve any issues and prevent further misconduct.

During the Year, there were no non-compliance with laws and regulations relevant to bribery, extortion, fraud and money laundering.

5. OUR VALUE CHAIN

5.1 Supply Chain Management

Sustainability is one of the factors that the Company considers when choosing our supply chain partners since their sustainability performance is closely related to our business operations. As part of our policy, our suppliers and vendors will need to undergo our approval process and we will conduct evaluation on a regular basis. We are constantly improving our performance by integrating corporate social responsibility practices into the process of supply chain management. Related risks which may affect our operations are being well-managed through this systematic approach.

5.2 Responsible Services

The Company is committed to providing quality services by complying with both national and international standards. The Group has a comprehensive quality assurance process which includes the monitoring of supplier performance, quality control, employee training and development, and corrective and preventive actions. In addition, we comply with the Group's privacy policy which is developed in accordance with the Personal Data (Privacy) Ordinance (Chapter 486 of the Laws of Hong Kong) ensuring that all personal data are handled in strict confidence.

Any complaints from customers are handled and investigated in a thorough and efficient manner. During the Year, there were no complaint cases relating to health and safety, advertising, labelling and privacy matters relating to products and services provided and methods of redress.

6. OUR COMMUNITY

The Company is dedicated to contributing and giving back to the community through our engagement activities and community-based programmes. The Group has a strong will in serving the underserved community. During the Year, we supported various local charitable activities, such as donation to various events of Po Leung Kuk and World Vision and charity walks of the Community Chest for helping those in need and sponsor our staff to participate in Hong Kong Marathon 2020 organized by Standard Chartered Bank, etc. The Group also made donations to various charitable group, including Po Leung Kuk and Community Chest, etc. In total, the Group have contributed over HK\$1,500,000 to different charitable groups, foundations and events during the Year. We are keen to be a good and responsible citizen and make commitments to social services. The Group also encourage our staff members to offer their time and care to the people in need in our community. We engage our management, employees and members of our community to make a positive impact through charitable sponsorships, donations and volunteering services.

To the shareholders of Winfull Group Holdings Limited

(incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Winfull Group Holdings Limited (the "Company") and its subsidiaries (together the "Group") set out on pages 47 to 117, which comprise the consolidated statement of financial position as at 30 June 2020, and the consolidated income statement, the consolidated statement of comprehensive income, the consolidated statement of cash flows and the consolidated statement of changes in equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 30 June 2020, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the HKICPA's "Code of Ethics for Professional Accountants" (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

KEY AUDIT MATTERS (cont'd)

Valuation of investment properties

Refer to note 16 and the Group's critical accounting estimates and judgements in relation to valuation of investment properties set out in note 4 to the consolidated financial statements

The carrying value of the Group's investment properties as at 30 June 2020 was HK\$964,449,000. Investment properties are measured at cost on acquisition, and thereafter are carried at fair value, with any changes therein recognised in profit or loss. During the year ended 30 June 2020, the Group recognised a fair value loss of HK\$91,085,000 on its investment properties.

Fair values on investment properties are determined using direct comparison approach, in which the comparable properties with similar size, character and location are analysed and carefully weighted against all the respective advantages and disadvantages of each property in order to arrive at a fair comparison of market value. To assist management in this judgement area, the Group engaged professionally qualified independent valuer for the property valuation exercise.

We identified valuation of investment properties as a key audit matter because of its potential significance to the consolidated financial statements as a whole, combined with management's estimations required in determining fair values.

How our audit addressed the Key Audit Matter

Our procedures on the valuation of investment properties included:

- Assessing the competency and capabilities of the independent valuer taking into account of their experience and qualifications;
- Conducting in-depth discussions with management and the independent valuer about the key assumptions and the industry norms and assessing the valuation methodology;
- Assessing the methodologies used and the appropriateness of the key assumptions used by the independent valuer and management in arriving at the fair value of investment properties; and
- Checking, on a sample basis, the accuracy and relevance of the data provided by the independent valuer and management.

**KEY AUDIT MATTERS** (cont'd)**Valuation of financial instruments**

Refer to note 20 and the Group's critical accounting estimates and judgements in relation to valuation of financial instruments set out in note 4 to the consolidated financial statements

The Group has applied valuation techniques to determine the fair value of financial instruments that are not quoted in active markets. These valuation techniques, in particular those that include significant unobservable inputs, involve management using subjective judgements and assumptions. With different valuation techniques and assumptions applied, the valuation results can vary significantly.

As at 30 June 2020, the Group has unquoted financial instruments measured at fair value amounted to HK\$274,730,000 among total financial instruments of HK\$467,437,000. Financial instruments which had significant unobservable inputs in the valuation, and hence were categorised within level 3 of the fair value hierarchy, involved a higher degree of uncertainty in their valuation.

We identified valuation of financial instruments as a key audit matter because of the degree of complexity involved in valuing the financial instruments, combined with management's judgement exercised in determining the inputs used in the valuation models.

How our audit addressed the Key Audit Matter

Our procedures on the valuation of financial instruments included:

- Enquiring the management including fund manager and assessing the methodologies used in fair value measurement and the appropriateness of key assumptions and parameters based on our knowledge of the investments;
- Obtaining management information including budgets and forecasts from the portfolio companies being valued and using these to corroborate the key inputs in the valuation model;
- Checking, on a sample basis, the accuracy and relevance of the data used such as comparing key underlying financial data inputs to external sources and investee companies' audited financial statements and management information as applicable; and
- Checking the arithmetical accuracy on the valuation model.

OTHER INFORMATION IN THE ANNUAL REPORT

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

DIRECTORS' RESPONSIBILITIES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are also responsible for overseeing the Group's financial reporting process. The Audit Committee assists the directors in discharging their responsibility in this regard.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with the terms of our engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

**AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS** (cont'd)

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2020

1. GENERAL INFORMATION

Winfull Group Holdings Limited (the "Company") is an exempted company with limited liability under the Companies Law (2001 Second Revision) of the Cayman Islands. The address of its registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands and its principal place of business is Unit A, 6/F, 9 Queen's Road Central, Hong Kong. The Company's issued shares have been listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") since 2 December 2010.

The principal activity of the Company is investment holding. Details of its subsidiaries (together with the Company referred to as the "Group") are set out in note 17. During the year, the Group was principally engaged in the investment, trading and development of property and securities investment and trading. There were no significant changes in the Group's operation during the year.

The consolidated financial statements on pages 47 to 117 have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"). The consolidated financial statements also include the applicable disclosure requirements of the Hong Kong Companies Ordinance and the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules").

The consolidated financial statements are presented in Hong Kong Dollars ("HK\$"), which is also the functional currency of the Company and all values are rounded to the nearest thousand ("HK\$'000") unless otherwise stated.

2. ADOPTION OF NEW AND AMENDED HKFRSS

2.1 Adoption of new and amended HKFRSS – effective 1 July 2019

In the current year, the Group has applied for the first time the following new standards, amendments and interpretations issued by the HKICPA, which are relevant to and effective for the Group's financial statements for the annual period beginning on 1 July 2019:

HKFRS 16	Leases
HK(IFRIC)-Int 23	Uncertainty over Income Tax Treatments
Annual Improvements to HKFRSs 2015–2017 Cycle	Amendments to HKFRS 3, Business Combinations, HKFRS 11, Joint Arrangements, HKAS 12, Income Taxes and HKAS 23, Borrowing Costs
Amendments to HKAS 19	Plan Amendment, Curtailment or Settlement
Amendments to HKFRS 9	Prepayment Features with Negative Compensation
Amendments to HKFRS 28	Long-term Interests in Associates and Joint Ventures

The adoption of these new and amended HKFRSS does not have significant impact on the Group's results and financial position for the current and prior periods have been prepared or presented.

2. ADOPTION OF NEW AND AMENDED HKFRSS (cont'd)

2.1 Adoption of new and amended HKFRSS – effective 1 July 2019 (cont'd)

HKFRS 16 Leases (“HKFRS 16”)

HKFRS 16 replaces HKAS 17 Leases (“HKAS 17”) and the related interpretations, HK(IFRIC)-4 Determining whether an Arrangement contains a Lease, HK(SIC)-15 Operating Leases – Incentives, and HK(SIC)-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. It introduces a single accounting model for lessees, which requires a lessee to recognise a right-of-use asset and a lease liability for all leases, except for leases that have a lease term of 12 months or less (“short-term leases”) and leases of low-value assets. The lessor accounting requirements are brought forward from HKAS 17 substantially unchanged.

HKFRS 16 also introduces additional qualitative and quantitative disclosure requirements which aim to enable users of the financial statements to assess the effect that leases have on the financial position, financial performance and cash flows of an entity.

Given the Group does not have any material lease arrangements as a lessee (except for the leasehold properties which the Group is a registered owner of the ownership interests), the Group considers that there is no significant financial impact on the Group’s results (including segment results), financial position and cash flows.

Further details of the nature and effect of the changes to previous accounting policies of the Group upon the adoption of HKFRS 16 are set out below:

a. *New definition of a lease*

The change in the definition of a lease mainly relates to the concept of control. HKFRS 16 defines a lease on the basis of whether a customer controls the use of an identified asset for a period of time, which may be determined by a defined amount of use. Control is conveyed where the customer has both the right to direct the use of the identified asset and to obtain substantially all of the economic benefits from that use. The change in the definition of a lease does not have any material impact on the Group’s lease arrangements.

b. *Leasehold investment property*

Under HKFRS 16, the Group is required to account for all leasehold properties as investment properties when these properties are held to earn rental income and/or for capital appreciation (“leasehold investment properties”). The adoption of HKFRS 16 does not have a significant impact on the Group’s consolidated financial statements as the Group previously elected to apply HKAS 40 Investment Properties (“HKAS 40”), to account for all of its leasehold properties that were held for investment purposes as at 30 June 2019. Consequentially, these leasehold investment properties continue to be carried at fair value.

2. ADOPTION OF NEW AND AMENDED HKFRSS (cont'd)

2.2 New and amended HKFRSS that have been issued but are not yet effective

At the date of authorisation of these financial statements, certain new and amended HKFRSS have been published but are not yet effective, and have not been adopted early by the Group. The directors of the Company anticipate that all of the pronouncements will be adopted in the Group's accounting policy for the first period beginning after the effective date of the pronouncement. Information on new and amended HKFRSS that are expected to have impact on the Group's accounting policies is provided below. Certain new and amended HKFRSS have been issued but are not expected to have a material impact of the Group's financial statements.

Amendments to HKAS 1	Classification of Liabilities as Current or Non-Current ⁴
Amendments to HKAS 1 and HKAS 8	Definition of Material ¹
Amendments to HKAS 16	Property, Plant and Equipment: Proceeds before Intended Use ³
Amendments to HKAS 28 and HKFRS 10	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ⁵
Amendments to HKAS 37	Onerous contracts – Cost of Fulfilling a Contract ³
Amendments to HKAS 39, HKFRS 7 and HKFRS 9	Interest Rate Benchmark Reform ¹
Amendments to HKFRS 3	Definition of a Business ¹
Amendments to HKFRS 3	Reference to the Conceptual Framework ³
Amendments to HKFRS 16	COVID-19 Related Rent Concession ²
Annual Improvements to HKFRSS 2018–2020 Cycle	Amendment to HKFRS 1, First-time Adoption of International Financial Reporting Standards, Amendment to HKFRS 9, Financial Instruments, Amendment to illustrative examples accompanying HKFRS 16, Leases, Amendment to HKAS 41, Agriculture ³

¹ Effective for annual periods beginning on or after 1 January 2020

² Effective for annual periods beginning on or after 1 June 2020

³ Effective for annual periods beginning on or after 1 January 2022

⁴ Effective for annual periods beginning on or after 1 January 2023

⁵ The amendments were originally intended to be effective for periods beginning on or after 1 July 2016. The effective date has now been deferred/removed. Early application of the amendments of the amendments continue to be permitted.

The Group is in the process of making an assessment of what the impact of these amendments is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the consolidated financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Basis of preparation

The significant accounting policies that have been used in the preparation of these consolidated financial statements are summarised below. These policies have been consistently applied to all the years presented, unless otherwise stated.

The consolidated financial statements have been prepared under historical cost convention, except for certain financial instruments and investment properties, which are measured at fair value. The measurement bases are fully described in the accounting policies below.

It should be noted that accounting estimates and assumptions are used in preparation of the consolidated financial statements. Although these estimates are based on management's best knowledge and judgement of current events and actions, actual results may ultimately differ from those estimates. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are disclosed in note 4.

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to 30 June each year.

Subsidiaries are consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

Intra-group transactions, balances and unrealised gains and losses on transactions between group companies are eliminated in preparing the consolidated financial statements. Where unrealised losses on intra-group asset sales are reversed on consolidation, the underlying asset is also tested for impairment from the Group's perspective. Amounts reported in the consolidated financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

Changes in the Group's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the Group's interest and non-controlling interest are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interest. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of.

Subsequent to acquisition, the carrying amount of non-controlling interests that represent present ownership interests in the subsidiary is the amount of those interests at initial recognition plus such non-controlling interest's share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if this results in those non-controlling interests having a deficit balance.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.2 Significant event

The World Health Organisation declared coronavirus disease ("COVID-19") constitutes a global health emergency on 30 January 2020. Since then, the Group has experienced significant disruption to its operations in the following respects:

- interruptions to properties development project in United Kingdom ("UK");
- decreased demand for properties as a consequence of soften demand; and
- significant uncertainty concerning when government lockdowns will be lifted, social distancing requirements will be eased and the long-term effects of the COVID-19 pandemic in the financial market.

The significant events and transactions that have occurred since 30 June 2019 relate to the effects of the global COVID-19 pandemic on the Group's consolidated financial statements for the year ended 30 June 2020 and are including decrease in fair value of investment properties (note 16) and certain financial instruments (note 20) and, impairment on properties held for trading (note 21), respectively.

3.3 Subsidiaries

A subsidiary is an investee over which the Company is able to exercise control directly or indirectly. The Company controls an investee if all three of the following elements are present: power over the investee, exposure, or rights, to variable returns from the investee, and the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

In the Company's statement of financial position, investments in subsidiaries are stated at cost less impairment loss, if any. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

3.4 Associates

An associate is an entity over which the Group has significant influence and that is neither a subsidiary nor a joint arrangement. Significant influence is the power to participate in the financial and operating policy decisions of the investee but not control or joint control over those policies.

Associates are accounted for using the equity method whereby they are initially recognised at cost and thereafter, their carrying amounts are adjusted for the Group's share of the post-acquisition change in the associates' net assets except that losses in excess of the Group's interest in the associate are not recognised unless there is an obligation to make good those losses.

Profits and losses arising on transactions between the Group and its associates are recognised only to the extent of unrelated investors' interests in the associate. The investor's share in the associate's profits and losses resulting from these transactions is eliminated against the carrying value of the associate. Where unrealised losses provide evidence of impairment of the asset transferred they are recognised immediately in profit or loss.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.4 Associates (cont'd)

Any premium paid for an associate above the fair value of the Group's share of the identifiable assets, liabilities and contingent liabilities acquired is capitalised and included in the carrying amount of the associate. Where there is objective evidence that the investment in an associate has been impaired, the carrying amount of the investment is tested for impairment in the same way as other non-financial assets.

3.5 Foreign currency translation

In the individual financial statements of the consolidated entities, foreign currency transactions are translated into the functional currency of the individual entity using the exchange rates prevailing at the dates of the transactions. At the reporting date, monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at that date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the reporting date retranslation of monetary assets and liabilities denominated in foreign currencies at the exchange rates prevailing at the reporting date are recognised in profit or loss.

Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined and are reported as part of the fair value gain or loss. Non-monetary items that are measured at historical cost in a foreign currency are not retranslated.

In the consolidated financial statements, all individual financial statements of foreign operations, originally presented in a currency different from the Group's presentation currency, have been converted into HK\$. Assets and liabilities have been translated into HK\$ at the closing rates at the reporting date. Income and expenses have been converted into HK\$ at the exchange rates ruling at the transaction dates or at the average rates over the reporting period provided that the exchange rates do not fluctuate significantly. Any differences arising from this procedure have been recognised in other comprehensive income and accumulated separately in the translation reserve in equity.

When a foreign operation is disposed of, such exchange differences are reclassified from equity to profit or loss as part of the gain or loss on sale.

3.6 Property, plant and equipment

All property, plant and equipment (other than art work as described below) are stated at cost less accumulated depreciation and impairment losses, if any.

Art work is stated at cost less subsequent accumulated impairment losses, if any.

Depreciation is provided to write off the cost less their estimated residual values over their estimated useful lives, using straight-line method at the following rates per annum:

Leasehold properties	2% or over the lease terms, whichever is shorter
Furniture, fixtures and equipment	10% to 30%
Motor vehicles	20%
Leasehold improvements	10% to 20% or over the lease terms, whichever is shorter

Art work is stated at cost less any identified impairment loss (if any).

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.6 Property, plant and equipment (cont'd)

The assets' estimated residual values, if any, depreciation methods and estimated useful lives are reviewed, and adjusted if appropriate, at each reporting date.

Gain or loss arising on retirement or disposal is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other costs, such as repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.

3.7 Impairment of assets (other than financial assets)

At the end of each reporting period, the Group reviews the carrying amounts of the following assets to determine whether there is any indication that those assets have suffered an impairment loss or an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment; and
- investments in subsidiaries

If the recoverable amount (i.e. the greater of the fair value less costs of disposal and value-in-use) of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately, unless the relevant asset is carried at a revalued amount under another HKFRS, in which case the impairment loss is treated as a revaluation decrease under that HKFRS.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately, unless the relevant asset is carried at a revalued amount under another HKFRS, in which case the reversal of the impairment loss is treated as a revaluation increase under that HKFRS.

Value-in-use is based on the estimated future cash flows expected to be derived from the asset or cash generating unit, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash generating unit.

3.8 Investment property

Investment property is property held either to earn rentals or for capital appreciation or for both, but not held for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Investment property is measured at cost on initial recognition and subsequently at fair value with any change therein recognised in profit or loss.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.9 Leasing (accounting policies applied from 1 July 2019)

(i) Accounting as a lessee

All leases (irrespective of they are operating leases or finance leases) are required to be capitalised in the consolidated statement of financial position as right-of-use assets and lease liabilities, but accounting policy choices exist for an entity to choose not to capitalise (i) leases which are short-term leases and/or (ii) leases for which the underlying asset is of low-value. The Group has elected not to recognise right-of-use assets and lease liabilities for low-value assets and leases for which at the commencement date have a lease term less than 12 months. The lease payments associated with those leases have been expensed on straight-line basis over the lease term.

Right-of-use asset

It should be recognised at cost and would comprise: (i) the amount of the initial measurement of the lease liability (see below for the accounting policy to account for lease liability); (ii) any lease payments made at or before the commencement date, less any lease incentives received; (iii) any initial direct costs incurred by the lessee; and (iv) an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories. The Group measures the right-of-use assets applying a cost model. Under the cost model, the Group measures the right-to-use at cost, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liability. For right-of-use asset that meets the definition of an investment property, they are carried at fair value and for right-of-use asset that meets the definition of a leasehold property held for own use, they are carried at cost less accumulated depreciation and impairment losses, if any.

The Group accounts for leasehold land and buildings that were held for rental or capital appreciation purpose would continue to be accounted for under HKAS 40 and would be carried at fair value. The Group accounts for leasehold properties which is held for own use would continue to be accounted for under HKAS 16 Property, Plant and Equipment ("HKAS 16") and would be carried at cost less accumulated depreciation and impairment losses, if any.

Lease liability

It should be recognised at the present value of the lease payments that are not paid at the date of commencement of the lease. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group shall use the Group's incremental borrowing rate.

The following payments for the right-to-use the underlying asset during the lease term that are not paid at the commencement date of the lease are considered to be lease payments: (i) fixed payments less any lease incentives receivable; (ii) variable lease payments that depend on an index or a rate, initially measured using the index or rate as at commencement date; (iii) amounts expected to be payable by the lessee under residual value guarantees; (iv) the exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and (v) payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.9 Leasing (accounting policies applied from 1 July 2019) (cont'd)

(i) *Accounting as a lessee (cont'd)*

Lease liability (cont'd)

Subsequent to the commencement date, the Group measures the lease liability by: (i) increasing the carrying amount to reflect interest on the lease liability; (ii) reducing the carrying amount to reflect the lease payments made; and (iii) remeasuring the carrying amount to reflect any reassessment or lease modifications, e.g. a change in future lease payments arising from change in an index or rate, a change in the lease term, a change in the in substance fixed lease payments or a change in assessment to purchase the underlying asset.

(ii) *Accounting as a lessor*

The Group has leased out its investment property to a number of tenants. Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised as an expense on the straight-line basis over the lease term.

3.10 Leasing (accounting policies until 30 June 2019)

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to lessee. All other leases are classified as operating leases.

The Group as lessor

Amounts due from lessees under finance leases are recorded as receivables at the amount of the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of the leases.

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised as an expense on the straight-line basis over the lease term.

The Group as lessee

The total rentals payable under the operating leases are recognised in profit or loss on a straight-line basis over the lease term. Lease incentives received are recognised as an integrated part of the total rental expense, over the term of the lease.

3.11 Properties held for trading

Properties held for trading are carried at the lower of cost and net realisable value. Cost comprises all costs of purchase. Net realisable value represents the estimated selling price less costs to be incurred in selling the property.

3.12 Properties under development

Properties under development for future sale in the ordinary course of business are carried at the lower of cost and net realisable value. Cost comprises the acquisition cost of land and/or properties, development expenditure, other direct expenses and capitalised borrowing costs. Net realisable value represents the estimated selling price less estimated cost of completion and applicable selling expenses.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.13 Financial instruments

(i) *Financial assets*

A financial asset (unless it is a trade receivable without a significant financing component) is initially measured at fair value plus, for an item not at fair value through profit or loss ("FVTPL"), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the market place.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets at amortised cost are subsequently measured using the effective interest rate method. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain on derecognition is recognised in profit or loss.

Fair value through other comprehensive income ("FVOCI"): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Debt investments at FVOCI are subsequently measured at fair value. Interest income calculated using the effective interest rate method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in other comprehensive income. On derecognition, gains and losses accumulated in other comprehensive income are reclassified to profit or loss.

FVTPL: Financial assets at FVTPL include financial assets held for trading, financial assets designated upon initial recognition at FVTPL, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at FVTPL, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at FVOCI, as described above, debt instruments may be designated at FVTPL on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.13 Financial instruments (cont'd)

(i) Financial assets (cont'd)

Equity instruments

On initial recognition of an equity investment that is not held for trading, the Group could irrevocably elect to present subsequent changes in the investment's fair value in other comprehensive income. This election is made on an investment-by-investment basis. Equity investments at FVOCI are measured at fair value. Dividend income are recognised in profit or loss unless the dividend income clearly represents a recovery of part of the cost of the investments. Other net gains and losses are recognised in other comprehensive income and are not reclassified to profit or loss. All other equity instruments are classified as FVTPL, whereby changes in fair value, dividends and interest income are recognised in profit or loss.

(ii) Impairment loss on financial assets

The Group recognises loss allowances for expected credit loss ("ECL") on trade receivables, financial assets measured at amortised cost and debt instruments measured at FVOCI. ECLs are measured on either of the following bases: (1) 12-months ECLs: these are the ECLs that result from possible default events within the 12 months after the reporting date; and (2) lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. The shortfall is then discounted at an approximation to the assets' original effective interest rate.

The Group has elected to measure loss allowances for trade receivables using HKFRS 9 Financial Instruments ("HKFRS 9") simplified approach and has calculated ECLs based on lifetime ECLs. The Group has established a provision matrix that is based on the Group's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For other financial assets, ECLs are based on the 12-months ECLs. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Group considers a financial asset to be credit-impaired when: (1) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (2) the financial asset is more than 90 days past due.

Interest income on credit-impaired financial assets is calculated based on amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset. For non credit-impaired financial assets interest income is calculated based on gross carrying amount.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.13 Financial instruments (cont'd)

(iii) Financial liabilities

The Group classifies its financial liabilities, depending on the purpose for which the liabilities were incurred. Financial liabilities at amortised costs are initially measured at fair value, net of directly attributable costs incurred.

Financial liabilities at amortised cost

These include trade and other payables, rental deposits received, borrowings and amounts due to non-controlling shareholders are subsequently measured at amortised cost, using effective interest method. The related interest expense is recognised in profit or loss.

Gains or losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

(iv) Effective interest method

This is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income or interest expense over the relevant period. Effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or liability, or where appropriate, a shorter period.

(v) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument. A financial guarantee contract issued by the Group and not designated as at fair value through profit or loss is recognised initially at its fair value less transaction costs that are directly attributable to the issue of the financial guarantee contract. Subsequent to initial recognition, the Group measures the financial guarantee contract at the higher of: (i) the amount of the loss allowance, being the ECL provision measured in accordance with principles of the accounting policy set out in note 3.13(ii); and (ii) the amount initially recognised less, when appropriate, cumulative amortisation recognised in accordance with the principles of HKFRS 15 Revenue from Contracts with Customers ("HKFRS 15").

(vi) Derecognition

The Group derecognises a financial asset when the contractual rights to the future cash flows in relation to the financial asset expire or when the financial asset has been transferred and the transfer meets the criteria for derecognition in accordance with HKFRS 9.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires.

Where the Group issues its own equity instruments to a creditor to settle a financial liability in whole or in part as a result of renegotiating the terms of that liability, the equity instruments issued are the consideration paid and are recognised initially and measured at their fair value on the date the financial liability or part thereof is extinguished. If the fair value of the equity instruments issued cannot be reliably measured, the equity instruments are measured to reflect the fair value of the financial liability extinguished. The difference between the carrying amount of the financial liability or part thereof extinguished and the consideration paid is recognised in profit or loss for the year.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.14 Cash and cash equivalents

For the purpose of statement of cash flows presentation, cash and cash equivalents include demand deposits with banks and short-term highly liquid investments with original maturities of three months or less that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value and form an integral part of the Group's cash management.

3.15 Provisions and contingent liabilities

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Where the time value of money is material, provisions are stated at the present value of the expenditures expected to settle the obligation.

All provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Group, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

3.16 Share capital

Ordinary shares are classified as equity. Share capital is determined using the nominal value of shares that have been issued.

Any transaction costs associated with the issuing of shares are deducted from share premium to the extent they are incremental costs directly attributable to the equity transaction.

3.17 Borrowing costs

Borrowing costs incurred for the acquisition, construction or production of any qualifying assets are capitalised during the period of time that is required to complete and prepare the asset for its intended use. A qualifying asset is an asset which necessarily takes a substantial period of time to get ready for its intended use or sale. Other borrowing costs are expensed when incurred.

Borrowing costs are capitalised as part of the cost of a qualifying asset when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are being undertaken. Capitalisation of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are completed. Capitalisation of borrowing costs suspends when the Group suspends active development of a qualifying asset.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.18 Revenue recognition

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services, excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

Depending on the terms of the contract and the laws that apply to the contract, control of the goods or service may be transferred over time or at a point in time. Control of the goods or service is transferred over time if the Group's performance:

- provides all of the benefits received and consumed simultaneously by the customer;
- creates or enhances an asset that the customer controls as the Group performs; or
- does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If control of the goods or services transfers over time, revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the goods or service.

When the contract contains a financing component which provides the customer a significant benefit of financing the transfer of goods or services to the customer for more than one year, revenue is measured at the present value of the amounts receivable, discounted using the discount rate that would be reflected in a separate financing transaction between the Group and the customer at contract inception. Where the contract contains a financing component which provides a significant financing benefit to the Group, revenue recognised under that contract includes the interest expense accreted on the contract liability under the effective interest method. For contracts where the period between the payment and the transfer of the promised goods or services is one year or less, the transaction price is not adjusted for the effects of a significant financing component, using the practical expedient in HKFRS 15.

(i) *Revenue from trading of property and sale of properties under development*

Revenue arising from trading of property and sale of properties under development is recognised when control over the ownership of the property has been passed to the buyer, which is the point in time when the buyer has the ability to direct the use of the property and obtain substantially all the benefits of the property. Deposits and instalments received on properties sold prior to the date of revenue recognition are included in the consolidated statement of financial position under contract liabilities.

(ii) *Rental income from operating leases*

Rental income from properties leasing under operating leases is recognised on a straight-line basis over the lease terms. Lease incentives granted are recognised in profit or loss as an integral part of the aggregate net lease payments receivables.

(iii) *Revenue from trading of securities*

Revenue arising from trading of securities is recognised when control over the ownership of the security has been passed to the buyer, which is the point in time when the buyer has the ability to direct the use of the security and obtain substantially all the benefits of the security.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.18 Revenue recognition (cont'd)

(iv) Other revenue

Renovation service income are recognised when the services are rendered;

Interest income is accrued on a time basis on the principal outstanding at the applicable interest rate; and

Dividend income is recognised when the right to receive the dividend is established.

Compensation income is recognised when the right to receive the compensation is established.

3.19 Income tax

Income taxes for the year comprise current tax and deferred tax.

Current income tax assets and/or liabilities comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting period, that are unpaid at the reporting date. They are calculated according to the tax rates and tax laws applicable to the fiscal periods to which they relate, based on the taxable profit for the year.

Deferred tax is calculated using the liability method on temporary differences at the reporting date between the carrying amounts of assets and liabilities in the financial statements and their respective tax bases. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, tax losses available to be carried forward as well as other unused tax credits to the extent that it is probable that taxable profit, including existing taxable temporary differences, will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised.

Deferred tax assets and liabilities are not recognised if the temporary difference arises from goodwill or from initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither taxable nor accounting profit or loss.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, associates and joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax is calculated, without discounting, at tax rates that are expected to apply in the period the liability is settled or the asset realised, provided they are enacted or substantively enacted at the reporting date.

Income taxes are recognised in profit or loss, except when they relate to items recognised in other comprehensive income in which case the taxes are also recognised in other comprehensive income or when they relate to items recognised directly in equity income in which case the taxes are also recognised directly in equity.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.19 Income tax (cont'd)

Current tax assets and current tax liabilities are presented in net if, and only if,

- (a) the Group has the legally enforceable right to set off the recognised amounts; and
- (b) the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

The Group presents deferred tax assets and deferred tax liabilities in net if, and only if,

- (a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- (b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on either:
 - (i) the same taxable entities; or
 - (ii) different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

3.20 Retirement benefit costs and short term employee benefits

(i) *Defined contribution retirement plan*

The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance, for all of its employees in Hong Kong.

Contributions are made based on a percentage of the employees' basic salaries and recognised in profit or loss as employees render services during the year. Assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme, except for the Group's employer voluntary contributions, which are refunded to the Group when the employee leaves employment prior to the contributions vesting fully, in accordance with the rules of the MPF Scheme.

(ii) *Short-term employee benefits*

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employee up to the reporting date.

Non-accumulating compensated absences such as sick leave and maternity leave are not recognised until the time of leave.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.21 Share-based employee compensation

The Group operates equity-settled share-based compensation plans for remuneration of its employees, directors, consultants, advisors, suppliers or customers of the Company and its subsidiaries.

All employee services received in exchange for the grant of any share-based compensation are measured at their fair values. These are indirectly determined by reference to the equity instruments awarded. Their values are appraised at the grant date and exclude the impact of any non-market vesting conditions.

All share-based compensation is recognised as an expense in profit or loss over the vesting period if vesting conditions apply, or recognised as an expense in full at the grant date when the equity instruments granted vest immediately unless the compensation qualifies for recognition as asset, with a corresponding increase in share-based payment reserve in equity. If vesting conditions apply, the expense is recognised over the vesting period, based on the best available estimate of the number of equity instruments expected to vest. Non-market vesting conditions are included in assumptions about the number of equity instruments that are expected to vest. Estimates are subsequently revised, if there is any indication that the number of equity instruments expected to vest differs from previous estimates.

At the time when the share options are exercised, the amount previously recognised in share-based payment reserve will be transferred to share premium. After vesting date, when the vested share options are later forfeited or are still not exercised at the expiry date, the amount previously recognised in share-based payment reserve will be transferred to retained profits.

3.22 Segment reporting

The Group identifies operating segments and prepares segment information based on the regular internal financial information reported to the executive directors for their decisions about resources allocation to the Group's business components and for their review of the performance of those components. The business components in the internal financial information reported to the executive directors are determined following the Group's major product and service lines.

The Group has identified the following reportable segments:

Property Development Business:	Property development
Property Investment and Trading Business:	Investment in properties and property trading for profit-making purpose
Renovation Business	Provision of renovation services
Securities Investment and Trading Business	Investment and trading in securities
Money Lending Business	Provision of money landing services

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

3.22 Segment reporting (cont'd)

Each of these operating segments is managed separately as each of the product and service line requires different resources as well as marketing approaches. All inter-segment transfers are priced with reference to prices charged to external parties for similar orders.

The measurement policies the Group used for reporting segment results under HKFRS 8 Operating Segments are the same as those used in its financial statements prepared under HKFRSs, except that significant change in fair value of certain financial assets at FVTPL, reclassified from equity to profit or loss on disposals of debt instruments at FVOCI, certain interest income, dividend income, net exchange loss/gain, equity-settled share-based payments, income tax expense and corporate income and expenses which are not directly attributable to the business activities of any operating segment are not included in arriving at the operating results of the operating segment.

Segment assets include all assets but investments in financial assets. In addition, corporate assets which are not directly attributable to the business activities of any operating segment are not allocated to a segment, which primarily applies to the Group's headquarter.

Segment liabilities exclude corporate liabilities which are not directly attributable to the business activities of any operating segment and are not allocated to a segment.

No asymmetrical allocations have been applied to reportable segments.

3.23 Related parties

- (a) A person or a close member of that person's family is related to the Group if that person:
- (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of key management personnel of the Group or the Company's parent.
- (b) An entity is related to the Group if any of the following conditions apply:
- (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of the employees of the Group or an entity related to the Group.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(cont'd)*

3.23 Related parties *(cont'd)*

(b) *(cont'd)*

- (vi) The entity is controlled or jointly controlled by a person identified in (a).
- (vii) A person identified in (a)(i) has significant influence over the entity or is a member of key management personnel of the entity (or of a parent of the entity).
- (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Company or to the parent of the Company.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (i) that person's children and spouse or domestic partner;
- (ii) children of that person's spouse or domestic partner; and
- (iii) dependents of that person or that person's spouse or domestic partner.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

4.1 Net realisable value of properties held for trading and properties under development

Net realisable value of properties held for trading and properties under development is the estimated selling price in the ordinary course of business, less selling expenses and estimated cost of completion. These estimates are based on the current market conditions. Provision is made when events or changes in circumstances indicate that the carrying amounts may not be realised. Management reassesses these estimations at the reporting date to ensure properties under development are accounted for at the lower of cost and net realisable value.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (cont'd)

4.2 Impairment of financial assets

The Group reviews its portfolios to assess impairment at the end of each reporting period. In determining whether an impairment should be recorded in profit or loss, the Group makes judgements as to whether there is any observable data indicating that there is a measurable decrease in the estimated future cash flows from a portfolio before the decrease can be identified with an individual in that portfolio. This evidence may include observable data indicating that there has been an adverse change in the payment status of the debtors, or both current and forecast general economic conditions. Management uses estimates based on historical loss experience for assets with credit risk characteristics and objective evidence of impairment similar to those in the portfolio when scheduling its future cash flows. The methodology and assumptions used for estimating both the amount and timing of future cash flows are reviewed regularly to reduce any differences between loss estimates and actual loss experience.

4.3 Taxation

The Group is subject to various taxes in Hong Kong, UK and Japan. There are certain transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for anticipated tax based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax provisions in the period in which such final tax liabilities determination is made.

4.4 Fair value of investment properties

Investment properties are carried at their fair value. The fair value of the investment properties was determined by reference to valuations conducted on these properties by the independent professional valuers using property valuation techniques which involve certain assumptions. Favourable or unfavourable changes to these assumptions may result in changes in the fair value of the Group's investment properties and corresponding adjustments to the changes in fair value reported in profit or loss and the carrying amount of these properties included in the consolidated statement of financial position.

4.5 Fair value of financial instruments

Fair values of financial instruments that are not quoted in active markets are determined by using various valuation techniques according to the nature of the financial instruments. These include third party price quotation, a discounted cash flow and option pricing models. These models are built by reputable system suppliers and are widely used in the market. They are reviewed and calibrated by the independent professional valuers. Management judgement and estimates are required for the selection of appropriate valuation parameters, assumptions and modelling techniques.

5. SEGMENT INFORMATION

The executive directors have identified the Group's five (2019: five) product and service lines as operating segments as further described in note 3.22. These operating segments are monitored and strategic decisions are made on the basis of adjusted segment operating results.

There was no inter-segment sale and transfer during the year (2019: nil).

5. SEGMENT INFORMATION (cont'd)

The Group's reportable segment revenue from external customers and its non-current assets are divided into the following geographical areas:

	Revenue from external customer		Non-current assets	
	2020	2019	2020	2019
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
Hong Kong	29,096	36,223	1,413,827	1,411,811
United Kingdom	3,471	5,983	82,001	80,954
Japan	1,163	738	35,548	19,114
	33,730	42,944	1,531,376	1,511,879

Geographical location of customers is based on the location at which the services were provided and the goods were delivered. Geographical location of non-current assets is based on (i) the physical location of the assets (for property, plant and equipment and investment properties); and (ii) location of operations (for financial instruments and loan receivables).

During the year, there was neither revenue from external customers attributable to the Cayman Islands (domicile) (2019: nil) nor non-current assets were located in the Cayman Islands (2019: nil). The country of domicile is the country where the Company was incorporated.

Revenue from the major customers is as follows:

	2020 HK\$'000	2019 HK\$'000
Customer A (note)	6,104	-
Customer B (note)	4,204	-

Interests on bank loans which include those with a repayment on demand clause, in accordance with the agreed scheduled repayments dates set out in the loan agreements	3,759	2,787

10. INCOME TAX EXPENSE

Under the two-tiered profits tax rates regime, the first HK\$2 million of profits of qualifying group entities in Hong Kong that is taxed at 8.25%, and profits above HK\$2 million is taxed at 16.5%. The profits of group entities in Hong Kong that are not qualifying for the two-tiered profits tax rate regime continue to be taxed at a flat rate of 16.5%. Accordingly, starting from 2019, the Hong Kong profits tax is calculated at 8.25% on the first HK\$2 million or the estimated assessable profits and at 16.5% on the estimated assessable profits above HK\$2 million.

Taxation for overseas subsidiaries is charged at the appropriate current rates of taxation ruling in the relevant countries.

Income tax in the consolidated income statement is as follows:

	2020 HK\$'000	2019 HK\$'000
Current tax – Hong Kong		
Provision for the year	–	43
Over-provision in respect of prior years	(556)	–

For the years ended 30 June 2020 and 2019, the directors do not recommend the payment of a final dividend.

12. (LOSS)/EARNINGS PER SHARE

Calculation of basic and diluted (loss)/earnings per share is based on the following data:

	2020 HK\$'000	2019 HK\$'000
(Loss)/Profit for year attributable to owners of the Company	(153,375)	42,997

	Number of shares	
	2020 '000	2019 '000
Weighted average number of ordinary shares for the purpose of basic (loss)/earnings per share	5,548,126	5,548,126
Effect of dilutive potential ordinary shares in respect of share options issued by the Company	20,243	–
Weighted average number of ordinary shares for the purpose of diluted (loss)/earnings per share	5,568,369	5,548,126

In 2019, the computation of diluted (loss)/earnings per share did not assume the exercise of the Company's outstanding share options because the exercise prices of those share options were higher than the average market price of the Company's shares.

As at 30 June 2020, the Group's leasehold properties and certain investment properties (note 16) with net carrying amount of HK\$82,344,000 (2019: HK\$84,096,000) and HK\$505,001,000 (2019: HK\$548,654,000) respectively were pledged to secure bank loans of HK\$66,844,000 (2019: HK\$71,884,000) (note 27).

15. PROPERTY, PLANT AND EQUIPMENT (cont'd)

Right-of-use assets

Upon the adoption of HKFRS 16 on 1 July 2019, the depreciated carrying amount of the ownership interest in leasehold properties is identified as right-of-use assets. The analysis of the net carrying amount of right-of-use assets by class of underlying asset is as follows:

	2020 HK\$'000	2019 HK\$'000
Ownership interest in leasehold properties held for own use, carried depreciated cost in Hong Kong, with remaining lease term of 50 years or more	82,344	84,096

The analysis of expense item in relation to leases is as follows:

	2020 HK\$'000	2019 HK\$'000
Depreciation charge of leasehold properties	1,752	1,752

The Group holds a commercial building as its headquarter. The Group is the registered owner of the property interest, including the whole or part of undivided share in the underlying land. Lump sum payments were made upfront to acquire this property interest from its previous registered owner, and there is no ongoing payments to be made under the terms of the land lease, other than payments based on rateable values set by the relevant government authority. These payments vary from time to time and are payable to the relevant government authority.

16. INVESTMENT PROPERTIES

Change in fair value	(91,085)	18,968
Exchange difference	(3,245)	(167)
At the end of the year	964,449	1,006,668

16. INVESTMENT PROPERTIES (cont'd)

Analysis of carrying amount of investment properties is as follows:

	2020 HK\$'000	2019 HK\$'000
In Hong Kong		
– 10 to 50 years (medium leases)	114,400	111,214
– Over 50 years (long leases)	732,500	795,386
	846,900	906,600

– Freehold	35,548	19,114
In United Kingdom		
– Freehold	82,001	80,954
	964,449	1,006,668

The Group holds investment properties to lease out under operating leases (see note 33). The Group is the registered owner of the property interests of these investment properties. There are no ongoing payments to be made under the terms of the land lease, other than payments based on rateable values set by the relevant government authorities. These payments vary from time to time and are payable to the relevant government authorities.

The fair value of the Group's investment properties at 30 June 2020 has been arrived at on market value basis carried out by the independent professional valuer, Ascent Partners Valuation Service Limited who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued. Fair values as at 30 June 2020 are determined using direct comparison approach. The comparison based on prices realised on actual sales of comparable properties is made. Comparable properties with similar size, character and location are analysed and carefully weighed against all the respective advantages and disadvantages of each property in order to arrive at a fair comparison of market value.

Significant unobservable inputs	Range
Quality of properties	–42% to 21% (2019: –20% to 5%)

The higher the differences in the quality of the Group's properties and the comparable properties would result in corresponding higher or lower fair value.

The fair value of all the investment properties is a level 3 recurring fair value measurement. During the year, there were no transfers between level 1 and level 2, and no transfers into or out of level 3.

There were no changes to the valuation techniques during the year.

The fair value measurement is based on the above properties' highest and best use, which does not differ from their actual use.

Notes to the financial statements
For the year ended 30 June 2020

* These financial assets are measured at fair value which has been determined directly by reference to published price and quotations in active markets (2019: same).

^ These financial assets are measured at fair value which has been determined by reference to the fair values of the underlying assets and liabilities of each instrument (2019: same).

Among these financial assets, amount of HK\$73,199,000 (2019: HK\$74,557,000) is measured at fair value which has been determined directly by reference to published price and quotations in active markets and amount of HK\$139,599,000 (2019: HK\$123,655,000) is measured at fair value which has been determined by reference to the fair values of the underlying assets and liabilities of each instrument, respectively (2019: same).

⊙ Amount of HK\$19,370,000 (2019: nil) is measured at fair value which has been determined by discounted cash flow method and amount of HK\$4,768,000 (2019: nil) is measured at amortised cost.

As at 30 June 2020 and 2019, debt instruments measured at FVOCI and debt instrument measured at amortised cost were determined to be impaired in accordance with the policy set out in note 3.13(ii). As at 30 June 2020 and 2019, no debt instruments measured at FVOCI and debt instrument measured at amortised cost were impaired.

21. PROPERTIES HELD FOR TRADING

	2020 HK\$'000	2019 HK\$'000
In Hong Kong – 10 to 50 years (medium leases)	64,740	160,939

In June 2014 (2019: June 2019), the board of directors of one of its subsidiaries resolved that there was a change of intention on one of the properties held for trading amounted to HK\$35,885,000 (2019: HK\$14,977,000) from “properties held for trading” to “investment properties” for the long term investment. In July 2019 (2019: June 2019), this property is held for capital appreciation rather than held for trading in its ordinary course of business that is evidenced by inception of an operating lease to another party in accordance with HKAS 40. This property was transferred to investment properties (note 16).

The value of properties is assessed at the end of each reporting period for indications of impairment with reference to valuations undertaken by external valuer, Ascent Partners Valuation Service Limited. Such valuations assess the recoverable amount of each asset being the higher of its value in use or its fair value less costs of disposal. At 30 June 2020, the recoverable amount of properties held for trading was HK\$64,740,000. Impairment loss on properties held for trading amounted to HK\$60,315,000 (2019: nil) was recognised in profit or loss for the year.

22. PROPERTIES UNDER DEVELOPMENT

Properties under development are lease freehold and located in UK.

	2020 HK\$'000	2019 HK\$'000
At cost:		
At the beginning of the year	15,406	–
Additions	9,014	15,406
At the end of the year	24,420	15,406

23. TRADE RECEIVABLES

The Group generally allowed a credit period of 1 month (2019: 1 month) to its trade customers.

Based on the invoice dates, all trade receivables as at 30 June 2020 and 2019 were aged within 90 days.

All trade receivables are subject to credit risk exposure. Impairment on trade receivables is recognised based on the accounting policy stated in note 3.13(ii) for the years ended 30 June 2020 and 2019 respectively.

Based on the due dates, no trade receivables as at 30 June 2020 and 2019 was past due nor impaired.

As at 30 June 2020, there was no amount denominated in a currency other than the functional currency of the entity to which they relate (2019: nil).

Receivables that were neither past due nor impaired were due from the customers for whom there was no recent history of default.

The directors of the Company consider that the fair values of trade receivables are not materially different from their carrying amounts because these amounts have short maturity periods on their inception.

24. CASH AND BANK BALANCES

	2020 HK\$'000	2019 HK\$'000
Cash and bank balances	30,224	20,193
Short-term deposits	102,733	294,219
Total cash and bank balances as stated in the consolidated statement of financial position	132,957	314,412
Short-term deposits with an original maturity of more than three months	(9,875)	(269,144)
Cash and cash equivalents for the presentation of the consolidated statement of cash flows	123,082	45,268

Cash at banks earn interest at rates up to 2.30% (2019: 1.84%) per annum based on the daily bank deposits rates. Short-term deposits earn interest at rates of 1.10% to 2.85% (2019: 1.26% to 3.01%) per annum and are eligible for immediate cancellation without receiving any interest for the last deposit period.

Included in cash and bank balances is an aggregate amount of HK\$52,000 (2019: HK\$52,000) of bank balances denominated in Renminbi ("RMB") placed with the banks in Hong Kong. RMB is not a freely convertible currency.

The directors of the Company consider that the fair values of short-term deposits are not materially different from their carrying amounts because of the short maturity period on their inception.

25. PLEDGED BANK DEPOSITS

These bank deposits were pledged to secure bank loans of HK\$208,619,000 (2019: HK\$173,345,000) (note 27).

26. ACCRUED EXPENSES, OTHER PAYABLES AND DEPOSITS RECEIVED

	2020 HK\$'000	2019 HK\$'000
Accrued expenses and other payables	2,717	1,677
Rental deposits received	6,893	6,986
Rental receipt in advance	636	1,432
	10,246	10,095

27. BORROWINGS

	2020 HK\$'000	2019 HK\$'000
Current		
Bank loans, secured	195,270	156,658
Non-current		
Bank loans, secured	13,349	16,687
	208,619	173,345

As at the reporting dates, the Group's bank loans, based on the schedule repayment dates set out in the bank loan agreements and ignored the effect of any repayment on demand clause, are as follows:

	2020 HK\$'000	2019 HK\$'000
Within one year or on demand	195,270	106,396
In the second year	2,670	4,935
In the third to fifth years, inclusive	8,009	14,806
Beyond five years	2,670	47,208
	208,619	173,345

All bank loans as at 30 June 2020 were secured by guarantees by the Company and the pledge of leasehold properties (note 15) with net carrying amount of HK\$82,344,000 (2019: HK\$84,096,000), certain investment properties (note 16) with net carrying amount of HK\$505,001,000 (2019: HK\$548,654,000) and pledged bank deposits (note 25) of HK\$225,286,000 (2019: HK\$126,729,000).

During the year, effective interest rates of the Group's borrowings were ranged between 0.60% and 3.30% (2019: 0.60% and 3.43%) per annum.

28. AMOUNTS DUE TO NON-CONTROLLING SHAREHOLDERS

Amounts due to non-controlling shareholders are unsecured, interest-free and repayable on demand.

29. DEFERRED TAX

Details of the deferred tax liabilities and assets recognised are as follows:

	Revaluation of properties HK\$'000	Accelerated tax allowances HK\$'000	Tax losses HK\$'000	Total HK\$'000
At 1 July 2018, 30 June 2019, 1 July 2019 and 30 June 2020	7,099	2,900	(1)	9,998

For the purpose of presentation in consolidated statement of financial position, certain deferred tax assets and liabilities have been offset. The following is the analysis of the deferred tax balances for financial reporting purposes:

	2020 HK\$'000	2019 HK\$'000
Deferred tax assets	(1)	(1)
Deferred tax liabilities	9,999	9,999
	9,998	9,998

At the reporting date, the Group had unrecognised deferred tax assets as follows:

	2020 HK\$'000	2019 HK\$'000
Tax effect of temporary differences arising as a result of:		
Deferred tax assets:		
Tax losses available to set off against future assessable profits	11,454	10,968
Excess of depreciation charged in the financial statements over depreciation allowance claimed for tax purpose	479	272
	11,933	11,240

No provision for deferred taxation has been recognised in respect of the tax losses of HK\$68,292,000 (2019: HK\$62,568,000) as this has not yet been all agreed with the Inland Revenue Department and there is the unpredictability of future profit streams. The tax losses do not expire under current tax legislation.

30. SHARE CAPITAL

32. SHARE-BASED PAYMENTS

The Company adopted a share option scheme (the "2011 Share Option Scheme") at the annual general meeting held on 1 November 2011 (the "2011 AGM").

The principal terms of the 2011 Share Option Scheme are set out as follows:

The 2011 Share Option Scheme shall be valid and effective for a period of ten years commencing on 1 November 2011. The purpose of the 2011 Share Option Scheme is to enable the Company to grant options to the selected persons as incentives or rewards for their contribution to the Company and its subsidiaries.

Eligible participants of the 2011 Share Option Scheme include any employees, non-executive directors (including any independent non-executive directors) of the Company and any of its subsidiaries, advisers, consultants, suppliers or customers of the Company or any of its subsidiaries.

Total number of shares in respect of which options may be granted under the 2011 Share Option Scheme and any other share option schemes of the Company, is not exceeding 10% of the total number of shares in issue of the Company from 1 November 2011 onwards or at the renewal of such limit. Under the 2011 Share Option Scheme, the Company may obtain an approval from its shareholders to refresh the above mentioned 10% limit.

Notwithstanding anything hereinbefore contained and subject to the maximum entitlement of each participant hereinafter mentioned, the maximum number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the 2011 Share Option Scheme and any other share option schemes of the Company shall not exceed 30% of the issued share capital of the Company from time to time. The maximum number of shares which may be issued upon exercise of all outstanding options granted and to be granted to each eligible participant in the 2011 Share Option Scheme and any other share option schemes of the Company within any 12-month period up to the date of grant, is limited to 1% of the shares of the Company in issue at the date of grant. Any further grant of share options in excess of this limit is subject to shareholders' approval in a general meeting.

An offer for the granting of share options shall be accepted in written within 21 days from the offer date and by way of payment of consideration of HK\$1. The exercise period of the share options granted shall be determined by the board of directors and notified to the relevant grantee, but must not be more than ten years from the date of grant of the share options. The exercise price of the share options shall be a price determined by the board of directors at its absolute discretion and notified to a participant and shall be no less than the highest of (i) the closing price of the shares of the Company as stated in the daily quotation sheets issued by the Stock Exchange on the offer date; (ii) the average closing price of the shares of the Company as stated in the daily quotation sheets issued by the Stock Exchange for the five business days immediately preceding the offer date; and (iii) the nominal value of the shares of the Company on the offer date.

32. SHARE-BASED PAYMENTS (cont'd)

Notes:

- (a) The vesting date of the share options for Periods 1, 2, 3, 4 and 5 is the date of grant.

Period 1: 3 June 2014 to 2 June 2024
 Period 2: 17 May 2016 to 16 May 2026
 Period 3: 26 November 2018 to 25 November 2028
 Period 4: 28 April 2020 to 27 October 2020
 Period 5: 28 April 2020 to 27 April 2025

- (b) The exercise price of the share options is subject to adjustment in the case of rights or bonus issues, or other similar changes in the Company's share capital.

- (c) The weighted average exercise prices of share options are set out below:

	2020 HK\$	2019 HK\$
At beginning of the year	0.129	0.199
Lapsed during the year	–	0.410
Granted during the year	0.048	0.121
At end of the year	0.128	0.129

- (d) The weighted average remaining contractual life of the share options outstanding at 30 June 2020 was approximately 4.66 years (2019: 8.37 years).

The fair values of share options granted were determined using Binomial Option Pricing Model that takes into account factors specific to the share incentive plans. The following principal assumptions were used in the valuation:

	Share options granted on 28 April 2020	
	Tranche 1	Tranche 2
Share price at date of grant	HK\$0.048	HK\$0.048
Expected volatility *	41.70%	52.81%
Risk-free interest rate	0.55%	0.43%
Dividend yield	0.34%	0.34%
Expected life of option	6 months	5 years
Fair value at date of grant	HK\$0.006	HK\$0.018
Exercise price	HK\$0.048	HK\$0.048

* The underlying expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may also not necessarily be the actual outcome. No special features pertinent to the options granted were incorporated into measurement of fair value.

For the year ended 30 June 2020, the fair value of the options granted was HK\$463,000 (2019: HK\$2,961,000) in aggregate, which was recognised as equity-settled share-based payments in the consolidated income statement. The corresponding amount has been credited to the share-based payment reserve.

At 30 June 2020, the Company had 191,480,000 (2019: 127,480,000) share options outstanding under the share option schemes, which represented approximately 3.45% (2019: 2.30%) of the Company's shares in issue at that date. All these options were exercisable at 30 June 2020 and 2019.

33. OPERATING LEASE COMMITMENTS

As lessor

At 30 June 2020, the Group had future aggregate minimum lease receipts under non-cancellable operating leases as follows:

	2020 HK\$'000	2019 HK\$'000
Within one year	23,305	23,986
In the second to fifth years	19,535	20,372
	42,840	44,358

The Group leases its properties under operating lease arrangements which run for an initial period of one to ten years (2019: one to fifteen years), with an option to renew the lease terms at the expiry date or at dates as mutually agreed between the Group and the respective tenants. None of the leases include contingent rentals.

34. CAPITAL COMMITMENTS

36. FINANCIAL GUARANTEE CONTRACTS

The Company has executed guarantee amounting to HK\$43,861,000 (2019: HK\$42,918,000) with respect to bank loans to its subsidiaries and the guarantee is secured against investment properties held by those subsidiaries. Under the guarantees, the Company would be liable to pay the bank if the bank is unable to recover the loans. At the reporting date, no provision for the Company's obligation under the guarantee contract has been made as the directors consider that it is not probable that the repayment of the loan will be in default.

37. MATERIAL RELATED PARTY TRANSACTIONS

37.1 The following transactions were carried out with the related parties:

	2020 HK\$'000	2019 HK\$'000
Professional fees paid to a related company in which one of the director of the Company is a partner	156	302
Rental expense paid to a related company owned by one of the substantial shareholders of the Company	–	262
	156	564
Rental income on investment properties, received from a related company owned by one of the substantial shareholders of the Company	552	509

These transactions were conducted at pre-determined prices in accordance with terms mutually agreed between the Group and these related parties. These transactions are conducted in the normal course of business.

37.2 Key management personnel compensation

	2020 HK\$'000	2019 HK\$'000
Short-term employee benefits	9,120	12,239

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group is exposed to a variety of financial risks which result from both its operating, investing and financing activities. The Group has various financial assets and liabilities such as trade receivables, other receivables, loan receivables, cash and bank balances, other payables, borrowings and amounts due to non-controlling shareholders, which arise directly from its daily operations.

The main risks arising from the Group's financial instruments are market risk (including interest rate risk, foreign currency risk and price risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance. As the Group's exposure to market risk is kept at a minimum level, the Group has not used any derivatives or other instruments for hedging purposes. The Group does not hold or issue derivative financial instruments for trading purposes.

38.1 Interest rate risk

Interest rate risk relates to the risk that the fair value or cash flows of a financial instrument will fluctuate because of changes in market interest rates. Besides short-term deposits which earn interest at fixed rates, cash at banks earn interest at floating rates up to 2.30% (2019: 1.84%) per annum, based on the daily bank deposits rates for the year. Other than deposits held in banks, the Group does not have significant interest-bearing financial assets. Any change in the interest rate promulgated by banks from time to time is not considered to have significant impact to the Group.

As at 30 June 2020, the Group's exposure to interest rate risk on floating interest-bearing financial liabilities mainly came from secured bank loans. The interest rates and repayment terms of the Group's borrowings are disclosed in note 27. The Group currently does not have an interest rate hedging policy. However, the directors monitor interest rate change exposure and will consider hedging significant interest rate exchange exposure should the need arise.

If an increase or decrease of 5% in interest rate was estimated, with all other variables held constant, profit for the year and retained profits would have increased or decreased by approximately HK\$157,000 (2019: HK\$116,000).

The policies to manage interest rate risk have been followed by the Group since prior years and are considered to be effective.

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (cont'd)

38.2 Foreign currency risk

Currency risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. During the year, exposures to currency exchange rates arose from the Group's bank deposits, financial instruments at FVTPL, debt instrument at FVTPL, debt instrument at amortised cost, loan receivables and borrowings (equivalent to HK\$2,580,000, HK\$64,966,000, HK\$19,370,000, HK\$4,768,000, HK\$50,689,000 and HK\$157,794,000, respectively) (2019: bank deposits, financial instruments at FVTPL and equity instruments at FVTPL, loan receivables and borrowings equivalent to HK\$3,014,000, HK\$75,701,000, HK\$34,575,000 and HK\$120,930,000, respectively), which were primarily denominated in RMB, Canadian dollars ("CAD"), EURO dollars ("EURO") and GBP. Other than this, almost all of the Group's transactions were carried out in HK\$ and GBP which are the functional currencies of the Group's entities to which the transaction related.

To mitigate the impact of exchange rate fluctuations, the Group's continually assesses and monitors the exposure to foreign currency risk. During the year, management did not consider it necessary to use foreign currency forward contracts to hedge the exposure to foreign currency risk as most of the financial assets and financial liabilities denominated in currencies other than the functional currencies of the entities to which they related are short term foreign currency cash flows (due within 6 months).

For the US\$ foreign exchange exposure, the directors believe the exposure is small as the exchange rate of US\$ to HK\$ is comparatively stable.

As at 30 June 2020, if a depreciation of 5% in HK\$ against RMB, CAD, EURO and GBP was estimated, with all other variables held constant, profit for the year and retained profits would have decreased by HK\$771,000 (2019: HK\$382,000) for the year ended 30 June 2020. An appreciation of the same percentage in HK\$ against RMB, CAD, EURO and GBP would have had the equal but opposite effect on the profit for the year and retained profits to the amount shown above, on the basis that all other variables remain constant.

The appreciation and depreciation of 5% in HK\$ exchange rate against RMB, EURO and GBP represented management's assessment of a reasonably possible change in currency exchange rate over the period until the next annual reporting date.

The policies to manage foreign currency risk have been followed by the Group since prior year and are considered to be effective.

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (cont'd)

38.3 Price risk

Price risk relates to the risk that the fair values or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Group is exposed to change in market prices of listed equity securities, listed debts investments and unlisted investment funds in respect of its investments classified as equity instruments at FVOCI, financial instruments at FVTPL, debt instruments at FVOCI and debt instruments at FVTPL.

To manage its market price risk arising from these investments, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the board of directors. The policies to manage the price risk have been followed by the Group since prior years and are considered to be effective.

For listed equity securities, listed debts investments and unlisted investment funds in other financial assets, if the quoted price for these securities increased or decreased by 5%, profit for the year and retained profits would have increased or decreased by HK\$17,971,000 (2019: HK\$15,197,000) and other components of equity would have increased or decreased by HK\$5,163,000 (2019: HK\$4,017,000) respectively.

The increase and decrease of 5% in market price of investment represents management's assessment of a reasonably possible change in market price of investments over the period until the next annual reporting date.

38.4 Credit risk

Credit risk refers to the risk that the counterparty to a financial instrument would fail to discharge its obligation under the terms of the financial instrument and cause a financial loss to the Group. The objective of the Group's measures to manage credit risk is to control potential exposure to recoverability problem. Most of the Group's bank balances are held in major financial institutions in Hong Kong and United Kingdom, which management believes are of high credit quality.

The Group's trade and other receivables are actively monitored to avoid significant concentration of credit risk. Normally, the Group does not obtain collateral from customers. The Group has adopted a no-business policy with customers lacking an appropriate credit history where credit records are not available.

The listed equity securities, listed and unlisted debt investments and unlisted investment funds held by the well-established banks or financial institutes and are not used for hedging purpose. These are mainly entered with banks or financial institutes with sound credit rating and management does not expect any investment counterparty to fail to meet its obligations. In this regard, the Group does not expect to incur material credit losses on managing these financial assets.

The Group is also exposed to the credit risk of the contingent liabilities in relation to the financial guarantee contracts granted to its subsidiaries as detailed in note 36 to the consolidated financial statements.

The credit and investment policies have been followed by the Group since prior year and are considered to have been effective in limiting the Group's exposure to credit risk to a desirable level.

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (cont'd)

38.5 Liquidity risk

Liquidity risk relates to the risk that the Group will not be able to meet its obligation associated with its financial liabilities that are settled by delivering cash or another financial asset. Individual operating entities within the Group are responsible for their own cash management, including short-term investment of cash surpluses and the raising of loans to cover the expected cash demands. The Group's policy is to regularly monitor its liquidity requirements and its compliance with lending covenants, to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in both short and long terms.

The following tables detail the remaining contractual maturities at each of the reporting dates of the financial liabilities, which are based on the earliest date the Group may be required to pay. Specifically, for bank borrowings which contain a repayment on demand clause which can be exercised at the bank's sole discretion, the analysis shows the cash outflow based on the earliest period in which the entity can be required to pay, that is if the lender were to invoke their unconditional rights to call the loans with immediate effect. The maturity analysis for other bank borrowings is prepared based on the scheduled repayment dates.

At the reporting date, the Group's undiscounted cash flows under financial liabilities that have contractual maturities are summarised below:

	Carrying amounts HK\$'000	Contractual undiscounted cash flow			
		Total HK\$'000	Within 1 year or on demand HK\$'000	In 2 to 5 years HK\$'000	Over 5 years HK\$'000

	199,876	218,480	201,793	11,125	5,562

The table that follows summarises the maturity analysis of those term loans with repayment on demand clause based on the agreed scheduled repayments set out in the loan agreements. The amounts included interest payments computed using contractual rates. As a result, these amounts are greater than the amounts disclosed in the “on demand” time band in the above maturity analysis. Taking into account the Group’s financial position, the directors do not consider that it is probable that the banks will exercise their discretion to demand immediate repayment, the directors believe that such term loans will be repaid in accordance with the scheduled repayment dates as set out in the loan agreements.

	Carrying amounts HK\$'000	Contractual undiscounted cash flow

38.7 Fair value

The fair values of the Group's current financial assets and liabilities are not materially different from their carrying amounts because of the immediate or short term maturity of these financial instruments.

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES *(cont'd)*

38.8 Fair value measurements recognised in the consolidated statement of financial position

The following table presents financial assets measured at fair value in the consolidated statement of financial position in accordance with the fair value hierarchy. The hierarchy groups financial assets and liabilities into three levels based on the relative reliability of significant inputs used in measuring the fair value of these financial assets and liabilities. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level in the fair value hierarchy within which the financial asset is categorised in its entirety is based on the lowest level of input that is significant to the fair value measurement.

38.8 Fair value measurements recognised in the consolidated statement of financial position (cont'd)

The financial assets measured at fair value in the consolidated statement of financial position are grouped into the fair value hierarchy as follows:

There have been no significant transfers between levels in the reporting period.

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (cont'd)

38.8 Fair value measurements recognised in the statement of financial position (cont'd)

The methods and valuation techniques used for the purpose of measuring fair value are unchanged compared to the previous reporting periods.

(a) *Listed equity securities and listed debts investments*

The listed equity securities and listed debts investments are denominated in HK\$ and US\$. Fair values have been determined by reference to their quoted bid prices at the reporting date.

(b) *Unlisted equity instruments*

The unlisted equity instruments are denominated in US\$ and GBP. Fair values have been determined based on asset-based approach as their major assets are properties held to earn rentals or for capital appreciation or both and the investee does not have sufficient earning history to support the use of other approaches. The value of these properties is adjusted to their fair value at the end of each reporting period for the purpose of determining the Group's share of adjusted net asset value and fair value of the investments.

(c) *Unlisted investment funds*

The unlisted investment funds are denominated in US\$ and EURO. Fair values of unlisted investment funds included in level 2 have been determined based on observable market prices which are sourced from broker quotes as provided by financial institutions. Most significant inputs are observable market data including historical trading prices. For fair values of unlisted investment funds included in level 3 have been determined based on asset-based approach as their major assets are held for capital appreciation and the investee does not have sufficient earning history to support the use of other approaches. The value of the assets is adjusted to their fair value at the end of each reporting period for the purpose of determining the Group's share of adjusted net asset value and fair value of the investments.

(d) *Unlisted debt instrument*

The unlisted debt instrument is denominated in GBP. Fair value has been determined based on discounted cash flow method. The fair value of the unlisted debt instrument may be based on unobservable inputs which may have significant impact on the valuation of this financial instrument, and therefore, it has been classified by the Group as level 3. The unobservable inputs which may have impact on the valuation include weighted average cost of capital, discount rate, probability of profit sharing etc.

39. CAPITAL RISK MANAGEMENT

The Group's capital management objectives are:

- (a) to ensure the Group's ability to continue as a going concern;
- (b) to provide an adequate return to shareholders;
- (c) to support the Group's sustainable growth; and
- (d) to provide capital for the purpose of potential mergers and acquisitions.

The Group monitors capital on the basis of gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (represented by total liabilities less current and deferred tax liabilities as shown in the consolidated statement of financial position) less cash and bank balances. Total capital is calculated as equity, as shown in the consolidated statement of financial position, plus net debts. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

42. EVENTS AFTER THE REPORTING DATE

- (a) The outbreak of COVID-19 in early 2020 has brought additional uncertainties in the Group's operating environment and may impact the Group's operations and its financial position. Management of the Group has closely monitored the impact from the epidemic on the Group's businesses. Due to the pandemic of COVID-19, management of the Group expects it may create more uncertainty to the economy in the foreseeable future. Management of the Group will continue to monitor the business environment and make appropriate adjustments to the Group's operations should there be a need.
- (b) Monilea Limited, a wholly owned subsidiary of the Company, as landlord, has entered into a tenancy agreement with iOne Financial Press Limited, as tenant, for a term of two years commencing from 21 September 2020 (the "Tenancy Agreement").

Save for the Tenancy Agreement, Clear Access Global Limited, another wholly owned subsidiary of the Company, as landlord, had entered into an tenancy agreement with iOne Translation Company Limited, a fellow subsidiary of iOne Financial Press Limited, as tenant, for a term of two year commencing from 9 June 2019 (the "IT Tenancy Agreement").

The transactions aggregate contemplated under the Tenancy Agreement and IT Tenancy Agreement (collectively, the "Tenancy Agreements") constitute continuing connected transactions. Further details of these transactions can be referred to the Company's announcement dated 21 September 2020.
